

COMPROMISE CANDIDATE NOW SOUGHT

DELEGATES TAKE HOLIDAY BEFORE RESUMING FIGHT

Convention Adjourned Until Monday Morning After Failure to Agree

RECORD DEADLOCK

Seventy-Seventh Ballot Not Sufficient to Pick Demo Nominee

(By the Associated Press)

MADISON SQUARE GARDEN, July 5.—Withing in its agony the Democratic national convention today rejected all measures to lease its deadlock. Like an obdurate sick man it pushed aside the remedies the volunteer physicians presented and then jeered away a proposal that it quit New York and convene July 21 in Kansas City. Proposals in various forms to drop the low man on each succeeding ballot were down on roll calls and a further proposal which would have culminated in abrogating the unit rule and the two-thirds rule were dismissed without roll call and by a thundering viva voce vote which left no doubt of its decision.

After the seventy-seventh ballot, which made little material change in the lineup the convention adjourned until 11 a. m. Monday.

On the seventy-seventh ballot the leaders stood as follows:

McAdoo 513, Smith 367, Davis 76.5. There was a loss of 1 for Smith, a gain of 1 for Davis with McAdoo unchanged.

Gov. Smith ran up a new high mark in the balloting today when Ohio breaking up a block of 48 votes that had been going to favorite sons, gave Smith 2 1-2. Another block of votes was taken from McAdoo when Michigan went to Smith.

The first consequential shift of votes on the balloting came on the seventy-fourth ballot which was the fourth to be taken at today's session. Michigan had been voting 25 for McAdoo and 5 for Smith but changed to 9 1-2 for McAdoo, 13-12 for Smith, 6 for Davis and 1 for Cox.

The leaders stood this way on the seventy-fifth ballot: McAdoo 513, Smith 366, Davis 78.5.

MADISON SQUARE GARDEN, July 5.—On the seventy-first ballot the leaders stood as follows:

McAdoo 528 1-2, Smith 333 1-2 Davis 68.

McAdoo's vote was unchanged from the last ballot last night, Smith lost 1 and Davis gained 1.

The totals for the seventy-first were:

McAdoo 528 1-2, Smith 333 1-2, Davis 68, Underwood 37 1-2, Glass 25, Robinson 21, Ritchie 16 1-2, Saulsbury 6, Owen 2, Baker 56, Bryan 2, Walsh 1, Absent 1.

Totals of the seventy-second ballot were:

McAdoo 527 1-2, Smith 334, Davis 65, Underwood 27 1-2, Glass 25, Robinson 21, Ritchie 16 1-2, Walsh 2, Saulsbury 6, Owen 2, Bryan 2, Baker 57 1-2, Absent 1.

Seventy-third ballot:

McAdoo 528, Smith 335, Davis 66, Underwood 28 1-2, Glass 25, Robinson 21, Ritchie 16 1-2, Walsh 2, Saulsbury 6, Bryan 2, Baker 54, Absent 1.

MADISON SQUARE GARDEN, July 5.—While the McAdoo forces were seeking unsuccessfully to put over a resolution today to drive the favorite sons out of the field of deadlocked candidates, the Smith supporters countered with an attempt to form a combination with the favorite sons contingents in the hope of finding a compromise who could be put over.

MAN ARRESTED CHARGED WITH STEALING AUTO

While everybody out at the Indian baseball game Friday morning was trying to follow the ball the Indians were stripped down to chase a new blue Oakland car belonging to George Bradford, an oil man, mysteriously disappeared.

By chance one of the fans at the Indian ball game was looking around over the country and noticed the swift departure of the new car and so informed Bradford when he discovered that his car had been taken.

Later Friday Kenneth Braughton was arrested four miles out of Maysville with a blue Oakland, established by Bradford as his own. Braughton was brought to Ada and placed in jail charged with taking the car.

ARKANSAS CITY AND ENID TEAMS MIXED

Fans Turn Out to See Teams Battle it Out in Two Leagues

TOPEKA, Kan., July 5.—Arkansas City and Enid found themselves in two baseball leagues today—the Southwestern and Oklahoma State. This was an idle day between halves of the season in the Southwestern league. The Cushing team of the Oklahoma Stateleague appeared at Arkansas City today to begin a series while Enid went to Ponca City to play another Oklahoma State game.

Meanwhile J. W. Harris of Salina, president of the Southwestern league, declared that the organization will be kept together, making it a six team league, if Miami, Okla., fails to enter and take over the Coffeyville franchise. Independence was to be dropped in case the Miami proposition fell through.

Officials of the Topeka Western Association team announced late this afternoon that the Independence club is being broken up and that Topeka has obtained three Independence players.

Arkansas City, which is rated as standing in sixth place in both the Southwestern and Oklahoma State leagues, is scheduled to play Cushing at Arkansas City Sunday and Emporia at Emporia the same date. The fans there are at a loss to know where to turn. Officials of both leagues tonight are trying to iron out the difficulty.

ADA SPENDS SANE FOURTH HOLIDAY

Celebration Here Attracts Crowds; Many Outing Parties.

Ada observed a safe and sane Fourth while a number of holiday recreations and events of interest were in store for Ada citizens and visitors in the town for the day.

Beginning early Friday morning the Fourth was started off in full style at the City Park where the Norman Howard post, American Legion were entertaining out-of-town visitors with a picnic.

The baseball park was also the scene of the Indian baseball game, which was quite a novel feature for residents of Ada and visitors from the surrounding towns.

The afternoon saw a continuance of the program for the legion picnic with Carl Williams and John Simpson, sponsors of the co-operative marketing move, as speakers for the afternoon. Contests for the legion picnic also attracted some attention.

Holiday visitors began arriving in Ada Thursday night, especially Indians from this part of the country, who journeyed here for their Fourth celebration. Indians pitched tents in true pioneer style at the city tourist camp and spent the night along the custom of their ancestors.

While Ada enjoyed the influx of country people for the Fourth celebration her, caravans of tourists sought outing sites to observe the Fourth with private picnic. Several parties went to Sulphur and others to Byrd's Mill the entire country was dotted with families out for a vacation with Nature.

Indians Reclaim Ada in Celebration

Ada was again a pioneer village on the borderland of primitive days of Oklahoma Thursday night and Friday morning when the Chickasaw and Seminole Indians celebrated the Fourth in their own fashion here.

The veil of modern civilization was snatched from the expanse of a few short years and the Indian customs revealed as it had been in the days before the encroachment of the white man over this section of the state.

While the frenzied fervor of semi-savage days could not be aroused in the braves and squaws who came to Ada to celebrate the Fourth in their own fashion, their maneuvers nevertheless cast a spell over residents of Ada who looked on in awed bewilderment.

On Thursday night, the Seminoles and Chickasaws came to town to celebrate and through the long hours of the night their weird exhilarations of joy in connection with their stomp dance carried Ada back to the days of its infancy when such demonstrations were common.

Thousands of people crowded near the free camping grounds on East Main street to obtain a glimpse of the antics of the braves and their squaws. Traffic cops were used to prevent an uncontrollable influx of cars in that vicinity and the combined efforts of city and county officers failed to relieve the congestion during the early hours of the night. Cars were jammed along two blocks in the vicinity of the celebration.

Through the long hours of the night the weird dance continued—a camp fire, a hide drawn over a kettle to resound to monotonous beats of a club and the continued stoping in a never-ending circle constituted the difficulties of the demonstration while the blated shouts of braves indicated the heights and de-

THREE DEAD AND OTHERS LOST IN STEAMBOAT FIRE

Two Negroes and Negress Are Known Dead From Boat Catastrophe

FIVE ARE LOST

Members of Newsboy Band Are not Accounted For in Check-up

(By the Associated Press)

BALTIMORE, July 5.—Two negroes and a negress are known to have lost their lives and the fourth, a deckhand, is thought to have perished when fire, which destroyed the steamer, Three Rivers, enroute from Crisfield, Me., for Baltimore early today.

Five others ranging from fourteen to seventeen years of age are missing and it is believed they were lost. They were members of the Baltimore Evening Sun newsboys band.

All the survivors, approximately 90, of whom 54 were remaining members of the newsboys band were brought to Baltimore by the steamer, Middlesex, which had gone to the assistance of the burning steamer together with several other crafts, attracted to the scene by the blaze.

Almost from the beginning of the conflagration a dense smoke issued from the vessel and along the deck, threatening death or asphyxiation.

BALTIMORE, July 5.—Three dead, 5 boys missing and 12 persons injured, some seriously, was the tale brought here by survivors of the side-wheel steamer Three Rivers of the Baltimore, Chesapeake & Atlantic Railway company, which with 350 passengers burned to the water's edge early today in the Chesapeake bay near Cove point. This total, which was obtained from weeping, hysterical persons clad in makeshift clothing as they left the rescue steamer Middlesex of the same line, may be swelled when accurate figures are available.

Miss Evelyn Croker of Baltimore and a negro deck hand were drowned and another negro deck hand was burned to death.

All of the 5 boys are believed to have perished. They were members of the Baltimore newsboy band, who had gone to Crisfield, Md., to play at the regatta. Most of the passengers were from Baltimore. They had been to Crisfield for the boat races.

According to stories obtained from survivors, nearly all the people took to the water because of the failure of attempts to launch the life boats. They were picked up by the crews of other craft which were attracted to the scene by the blaze. Officers of the Three Rivers could not give the cause of the fire.

TAXICAB DRIVER IS SLAIN BY HUSBAND

(By the Associated Press)

HOUSTON, Texas, July 5.—Joe Terry, 30, a taxicab driver, was shot and fatally injured this afternoon while he was at the home of Mrs. Lula Smith. He died in less than an hour. Harry T. Smith, husband of Mrs. Smith, was arrested and charged with murder.

Mrs. Smith told the police that Terry had come to her home Saturday morning, stating that he was sick and wanted to take some medicine and later had lain down on the bed and fallen asleep. She said her husband came in later and accused her of being unfaithful.

Smith, who also is a taxicab driver, said he and his wife had been separated for four months.

CIVIL WAR VETS BACK FROM MEET

Confederate Veterans Report Big Time at Reunion at Chickasha.

Returning with the distinction of having the largest delegation at the annual Confederate reunion at Chickasha, Civil war veterans of southern tendencies declared the Chickasha convention to be a success from every standpoint.

Invigorated by association with sympathetic comrades in a war of the half a century ago, wearers of a Gray were back in their regular routine Saturday to await for another such occasion when they can live again the vivid memories of their war days.

To the Ada delegation goes the credit of having the largest representation of any camp in the state, inclusive of the Ardmore home, which sent 21 delegates to the Chickasha convention.

Forty veterans and their wives composed the Ada delegation that left on their special train Tuesday noon. Four maids and matrons of honor accompanied the veterans to their reunion.

Many of the vets, weary of their trip and excitement, returned to their homes here Friday while others remained until the last event on the program and returned to Ada Saturday. Several of the Confederate veterans were from other points in the county.

With the passing of each succeeding year, veterans find their endurance of such occasions less obdurate regardless of the fact that they insist on seeing all there is to be seen. The Ada delegation as a whole stood the trip well, only two or three of the veterans suffering from the effects of the trip. One of the delegates was taken ill immediately after arriving in Chickasha and was forced to remain in a hospital during the reunion.

Confederates were billeted in the dormitories of the Oklahoma College for Women and enjoyed every convenience possible. They reported themselves as being well pleased with the entertainment and hospitality afforded them.

AMERICANS SHARE TENNIS HONORS WITH WIMBLEDON

WIMBLEDON, Eng., July 5.—Two of the five classic Wimbledon championships were won by Americans today in the final contest played in the tennis tournament. Miss Helen Wills, American single champion, and her partner, Mrs. George Wright, defeated the Wimbledon team, Mrs. Kathleen McKane and Mrs. Covell. The other went to Vincent Richards and Francis T. Hunter.

COOLIDGE'S SON CLAIMED REVIVED FROM OPERATION

Elders Son of President Undergoes Operation in Washington

CONDITION CRITICAL

Septic Poisoning from Blister Creates Alarm at White House

(By the Associated Press)

WASHINGTON, July 5.—An operation described as successful was performed upon Calvin Coolidge Jr., 16-year-old son of President and Mrs. Coolidge, at the Walter Reed hospital in an attempt to arrest the course of an attack of septic poisoning.

One of the physicians said, "We have accomplished all that we expected."

The President and Mrs. Coolidge were at the hospital during the operation. Mr. Coolidge going there where operation was decided upon and the latter accompanying her son when he was removed this afternoon from the White House.

The physicians remained in conference for some time after the operation and those in attendance included Dr. John B. Beaver, Philadelphia surgeon, Dr. John A. Kolmer, blood specialist, also of Philadelphia, Major James S. Coupal, Lieut.-Commander Joel T. Boone, Dr. Charles W. Richardson and Col. W. L. Keller, commandant of the hospital.

The physicians came out of conference without issuing any formal statement and an hour after the operation most of them left. The President and Mrs. Coolidge, however, decided to remain at the hospital throughout the night.

They desired to remain at the hospital, it was understood, because the condition of their son was critical.

The operation was decided upon at a consultation of his physicians early this evening, the third of the day. It was their belief, it was said, that the poison in the system had centralized sufficiently to warrant an effort at draining it from the body before the youth's strength was further weakened in fighting the infection.

WASHINGTON, July 5.—The condition of Calvin Coolidge Jr., son of the President, who is seriously ill of septic poisoning, remained serious today, although it was said he held his own during the night. The 16-year-old boy is making a strong battle against the infection which has spread throughout his system as the result of a blister on the foot sustained in playing tennis.

Another conference of physicians was held early today and afterward it was said the patient was still very ill. Following its usual course the poison in its spread is causing intense pain. Those in consultation were Maj. Coupal and Lieut. Com. Boone, White House physicians, Dr. C. W. Richards, Washington specialist and Col. William L. Keller of the Walter Reed hospital. Col. Keller is an expert in poison cases. The treatment is centered on localizing the disorder.

Mrs. Coolidge has been constantly at her son's bedside since his illness became serious early Thursday. The president has left the White House only once to keep a speaking engagement yesterday.

New Aerial Route

(By the Associated Press)

PARIS, July 5.—Warsaw to Paris one day air service was inaugurated today and the early fliers at the Polish capital witnessed the first take off at 4 o'clock in the morning.

Read all the news all the time.

LORAIN, OHIO, MAYOR ASKS ADA FOR HELP

An appeal for aid to assist in the relief of the homeless and suffering masses of Lorain and other Ohio towns was received here Saturday by Mayor Somer Jones from Mayor George Hoffman of Lorain, Ohio.

Jones in a statement Saturday afternoon expressed a desire that Ada be represented in the relief measures to the storm stricken area, where thousands of people are homeless.

Following is the telegram received by Mayor Jones:

Lorain, O., July 4, 1924.

Honorable Mayor, Ada, Okla.

Lorain is sorely stricken. Loss will largely fall upon people homeless and without resources. Ohio's governor acting to secure aid throughout state. This will not suffice as Lorain needs every contribution possible from municipalities or individuals. Send contributions to Lorain Chapter Red Cross, National Red Cross will supervise distribution.

GEO. HOFFMAN, Mayor.

POLITICAL FIRES BEGINNING TO BURN

Only Four More Weeks for Office Seekers to Inform Voters.

The political fires are beginning to burst into flame as the date for the Democratic primary, August 5, approaches. Hon. Tom D. McKeown has arrived on the scene and pitched into a campaign for votes for the next few weeks. While it is generally considered that he has little real opposition, the Ada law maker is taking no chances and is letting the people know how well he attended to their business while in Washington.

The senatorial race is causing no little interest. Prince Freeling has been on the ground and has got some of his friends' working. Wrightman has a manager here and is telling the people about his qualifications both by word of mouth and by the written word. Gore has begun to excite some interest, and Howard has friends who are not neglecting him. Ex-governor Walton also has support, and will address the voters here Monday night, according to circulars on the streets Saturday.

Interest in the county races is not up to the average. For some offices there will be only one candidate, while for others almost no campaign is being made.

The Visible Government League has advertised a meeting for Monday, at which time there will be speaking by many candidates.

Only four more weeks remain for the campaign. What interest is to be created must be created without delay. So far the senatorial race is taking precedence over all others.

PROGRESSIVES END SHORT CONVENTION

National Committee Empowered With Authority to name Running Mate

CLEVELAND, O., July 5.—After endorsing Robert M. LaFollette as a presidential candidate and providing for the organization of a new political party next January, the conference for progressive political action wound up the convention early tonight.

The conference empowered its national committee to select a vice presidential candidate after a conference with the LaFollette-for-president committee.

LaFollette was endorsed as a candidate on his own platform. The convention then adopted for itself a platform embodying the idea contained in the statement the members issued at the St. Louis conference last February.

The final day for the gathering worked out quickly according to the plans of the leaders and without appreciable opposition. But just before adjournment some of the delegates, dazed by the rapidity of the convention's work, had to be assured by the chairman that LaFollette had been nominated and that definite provision had been made for the new party.

The average cow in this country produces 4,000 pounds of milk and 160 pounds of butter annually.

PEACE DOVE MAY YET HOVER OVER DEMO ASSEMBLY

Selection of Compromise Candidate Foremost in Minds of Conferees

SEVERAL WILLING

McAdoo Field Marshall Not Willing for High Man To Quit Race

(By the Associated Press)

NEW YORK, July 5.—Peace negotiations for the selection of a compromise candidate for the presidency were undertaken under serious difficulties tonight by a group of Democratic chieftains upon whose shoulders the party's national convention had placed the task of freeing it from its record breaking deadlock.

Among those in conference asserting a willingness to compromise were many of the supporters of McAdoo and Smith apparently convinced at last that neither could be nominated. Weighing heavily against the conference work for a compromise, however, stood the open defiance of the McAdoo campaign managers who declared their only compromise candidate was McAdoo.

The mandate of the convention, voted with a sigh of relief from the warring elements, empowered the conferees to undertake negotiations "for the purpose of reaching an understanding so as to hasten the conclusion of this convention."

As the weary delegates left the fruitless ballots, they appeared to have no doubt that their leaders convention hall after seventy-seven would undertake and find a way out of the difficulty and there could be a general agreement. Three hours later, David Ladd Rockwell, the McAdoo field Marshall, announced that he would enter the conference without any such object in view. As he interpreted it, the McAdoo manager said, the purpose of the meeting was to seek an amendment to convention procedure so that the anomalous situation which has held the convention powerless throughout the entire week could be brought to an end and a nominee selected. Under such circumstances, he added, the high man in the voting could not be expected to step aside for any one.

INDIANAPOLIS, Ind., July 5.—United States Senator Samuel L. Ralston was urged today to reconsider his request for the withdrawal of his name from consideration as a candidate for the Democratic presidential nomination in a number of telegrams.

Some of the messages declared that Hoosier is the only one who can unite the party.

The Senator declined to make any comment other than to say, "The telegrams speak for themselves."

RAILROAD COMMISSIONER IS NAMED SCHOOL PRESIDENT

(By the Associated Press)

AUSTIN, Tex., July 5.—Dr. Walter Spawm, member of the Texas railroad commission, has been named the next president of the University of Texas. His unanimous election by the Board of Regents was announced here today by Dr. Joseph E. Wooten and H. H. Wroe, members of the board. Dr. Hubert Eugene Bolton of the University of California who was offered the position in May wired his declination today.

FARMERS ARRESTED ON CHARGE OF EXTORTION

(By the Associated Press)

CHICAGO, July 5.—Joseph Peek, 43, and his son Clarence, 24, farm hands who came to Illinois from Asheville, N. C., are held tonight in the Winnebago county jail on charges of attempting extortion in connection with the sending of a letter to Senator Medill McCormick and his wife, demanding \$50,000. Their hearing has been continued until next Thursday.

The Peeks were arrested when Mrs. McCormick reported to authorities receiving two letters which made no threats but simply asked that \$50,000 be placed in a casket a short distance from the McCormick home near Byron, Ill. They were arrested by private detectives, who placed a decoy package under the casket but were freed for the time being when they gave a satisfactory explanation.

In the Days of Poor Richard

By IRVING BACHELLER

Washington knelt beside him and felt his bloody garments. "The colonel is wounded," he said to his orderly. "Go for help."

The scout, weak from the loss of blood, tried to regain his feet but failed. He lay back and whispered: "I guess the sap has all oozed out of me but I had enough."

Washington was one of those who put him on a stretcher and carried him to the hospital.

When he was lying on his bed and his clothes were being removed, the commander in chief paid him this well deserved compliment as he held his hand:

"Colonel, when the war is won it will be only because I have had men like you to help me."

Soon Jack came to his side and then Margaret. General Washington asked the latter about Mrs. Arnold.

"My mother is doing what she can to comfort her," Margaret answered.

Solomon revived under stimulants and was able to tell them briefly of the dire struggle he had had.

"It were Sops that saved me," he whispered.

He fell into a deep and troubled sleep and when he awoke in the middle of the night he was not strong enough to lift his head. Then these faithful friends of his began to know that this big, brawny, redoubtable soldier was having his last fight. He seemed to be aware of it himself for he whispered to Jack:

"Take heed of Miranda an' the Little Cricket."

Late the next day he called for his Great Father. Feebly and brokenly he had managed to say:

"Jes' want—to—feel—his—hand."

Margaret had sat beside him all day helping the nurse.

A dozen times Jack had left his work and run over for a look at Solomon. On one of these hurried visits the young man had learned of the wish of his friend. He went immediately to General Washington, who had just returned from a tour of the forts. The latter saw the look of sorrow and anxiety in the face of his officer.

"How is the colonel?" he asked.

"I think that he is near the end," Jack answered. "He has expressed a wish to feel your hand again."

"Let us go to him at once," said the other. "There has been no greater man in the army."

Together they went to the bedside of the faithful scout. The general took his hand. Margaret put her lips close to Solomon's ear and said:

"General Washington has come to see you."

Solomon opened his eyes and smiled. Then there was a beauty not of this world in his homely face. And that moment, holding the hand he had loved and served and trusted, the heroic soul of Solomon Binkus went out upon "the lonesome trail."

Jack, who had been kneeling at his side, kissed his white cheek.

"Oh, general, I knew and loved this man!" said the young officer as he arose.

"It will be well for our people to know what men like him have endured for them," said Washington.

"I shall have to learn how to live without him," said Jack. "It will be hard."

Margaret took his arm and they went out of the door and stood a moment

looking off at the glowing sky about the western hills.

"Now you have me," she whispered. He bent and kissed her.

"No man could have a better friend and fighting mate than you," he answered.

"We spend our years as a tale that is told," Jack wrote from Philadelphia to his wife in Albany on the 30th of June, 1787: "Dear Margaret, we thought that the story was ended when Washington won. Five years have passed, as a watch in the night, and the most impressive details are just now falling out. You recall our curiosity about Henry Thornhill. When stopping at Kinderhook I learned that the only man of that name who had lived there had been lying in his grave these 20 years. He was one of the first dreamers about liberty. What think you of that? I, for one, cannot believe that the man I saw was an impostor. Was he an angel like those who visited the prophets? Who shall say? Naturally, I think often of the look of him and of his sudden disappearance in that Highland road. And, looking back at Thornhill, this thought comes to me: Who can tell how many angels he has met in the way of life all unaware of the high commission of his visitor?"

"On my westward trip I found that the Indians who once dwelt in the Long House were scattered. Only a tattered remnant remains. Near old Fort Johnson I saw a squaw sitting in her blanket. Her face was wrinkled with age and hardship. Her eyes were nearly blind. She held in her withered hands the ragged, moth-eaten tail of a gray wolf. I asked her why she kept the shabby thing."

"'Because of the hand that gave it,' she answered in English. 'I shall take it with me to the Happy Hunting Grounds. When he sees it he will know me.'"

"So quickly the beautiful Little White Birch had faded."

"At Mount Vernon, Washington was as dignified as ever but not so grave. He almost joked when he spoke of the sculptors and portrait painters who have been a great bother to him since the war ended."

"Now no dray horse moves more readily to the thill than I to the painter's chair," he said.

"When I arrived the family was going in to dinner and they waited until I could make myself ready to join them. The jovial Light Horse Harry Lee was there. His anecdotes delighted the great man. I had never seen G. W. in better humor. A singularly pleasant smile lighted his whole countenance. I can never forget the gentle note in his voice and his dignified bearing. It was the same whether he were addressing his guests or his family. The servants watched him closely. A look seemed to be enough to indicate his wishes. The faithful Billy was always at his side. I have never seen a sweeter atmosphere in any home. We sat an hour at the table after the family had retired from it. In speaking of his daily life he said:

"I ride around my farms until it is time to dress for dinner, when I rarely miss seeing strange faces, come, as they say, out of respect for me. Perhaps the word curiosity would better describe the cause of it. The usual time of sitting at table brings me to candle-light, when I try to answer my letters."

"He had much to say on his favorite theme, viz.: the settling of the immense interior and bringing its trade to the Atlantic cities."

"I was congluing with a severe cold. He urged me to take some remedies which he had in the house, but I refused them."

"He went to his office while Lee and I sat down together. The latter

Girl Asks to Wed Boy Sent to Prison

TULSA.—Two anxious hearts are calling to each other through prison bars today in Tulsa while unwavering love and legal talent are co-operating in an effort to convert a confessed hi-jacker into bridegroom before he is taken to the state penitentiary to begin serving a 25-year sentence.

The hi-jacker is Roy Buxton, good looking youth of 25, who stood with square shoulders before Judge Hoyt yesterday with unflinching eyes and firm voice and told the judge he was guilty, wanted to serve his sentence and begin a new leaf. He admitted three hi-jackings. The judge gave him the minimum, 25 years for each crime, but ordered them to run concurrently.

The girl who wants to become his bride? She is Miss Mary Saines, aged 22, who gave her address as 1451 E. Haskell st. She loved Roy before he was arrested, she has loved him through his imprisonment in the county jail and is ready to take his name, and wait faithfully for him at the prison gates until he comes out a free man, ready to begin life over again with her as his partner.

But Buxton is civilly dead, since he has been sentenced to the penitentiary, according to Ed Waterfield, license clerk at the courthouse. For that reason he has refused to issue a license for the marriage. This situation was made known this morning when F. J. Lafac, attorney for Buxton, requested a license for his client and was refused by Waterfield.

"I'll bring a mandamus action to compel you to issue the license," Lucas returned. But Waterfield stood firm on his ruling that Buxton could not get the license.

County Attorney Goldsberry was sought after Lucas left without the license. He advised Waterfield not to issue the license unless a mandamus was filed, in which instance he said he would not oppose the action if the court ruled Buxton was entitled to the proper papers for a wedding.

Lucas explained that Buxton and Miss Saines had been sweethearts for some time and were engaged be-

RUSSIAN EXILES DESPAIR OF LAWS

Immigration Measures Meet With Objections From Exiles

BERLIN.—America's new immigration law is a bitter disappointment to the 2,000,000 Russian refugees scattered throughout European countries. Under the new law only 1,700 Russians may enter American ports annually, not more than 170 shall enter in any one month.

At one time there were believed to be about 500,000 Russian refugees in Germany alone. The number is now much reduced, as the high cost of living forced many to seek other countries where exchange conditions are more favorable.

In Paris, Berlin, Prague, Munich, Dresden, Bucharest, Belgrade and Rome large Russian colonies are endeavoring to keep up their traditions in the hope of being able to return one day to the land which is so dear to them. Every rumor of Bolshevik collapse is eagerly received by the groups which still believe conditions similar to those which existed before the war will be restored in Russia, and that they will be able to return and claim the property which Lenin and his associates seized in the name of the Communist government.

But the younger exiles are impatient over the long delay, and each month there is less disposition to accept the promises of old-line political leaders that the Bolsheviks will be overthrown.

Many of the younger Russians had entertained hopes of emigrating to the United States. Medical, law and engineering students in various universities of central and western Europe were planning on an invasion of the new world on the completion of their courses. This hope is dashed by the immigration law just enacted.

Russians of all classes are returning to their homeland every time there is the slightest rumor of bettered conditions there. It is their desire to go to Russia rather than anywhere else, but they do so with much difficulty, as their countrymen of anti-Bolshevik tendencies have great contempt for Russians who accept communism under the Communist regime. It frequently means the breaking of all family ties and the severing of old friendships.

Soviet Russia needs the assistance of all talented Russians who are in exile, and is carrying on an active campaign to win youngsters over to Communist principles and induce them to return. The Communists also are working hard to create feeling against those exiles who will not turn to their homeland on the ground that they are monarchial and undemocratic. This is true of only a small percentage, perhaps, of the refugees. Monarchists have been in far less danger in Russia than liberals who refused to support the Communist doctrines. Mensheviks and Social Revolutionists of the Right, men who were Socialistic without being Communist and refused to follow the Bolsheviks into Communism, have suffered worse at the hands of the Moscow government than their countrymen who never made any pretense of being liberals.

BOY HURLS AGED EGG AT DEPOSED GOVERNOR

MUSKOGEE, July 29.—While addressing a large crowd in a park here last night in the interest of his candidacy for the Democratic senatorial nomination, J. C. Walton, deposed governor, was made the target for several eggs hurled by a small boy. None of the eggs struck Walton, although one of them hit the speakers' stand and splattered over the spectators.

Walton severely scored the Ku Klux Klan in his speech and charged that organization with being responsible for the boy's prank. He interceded for the boy when several members of the crowd seized him.

Tulsa Takes Precautions.

TULSA, July 28.—Police protection was promised by the city commission today to insure the peaceful appearance of J. C. Walton, deposed governor, tonight at a local ball park where he will speak.

In speaking here Walton is invading territory in which he is said to have much opposition. After the shower of eggs at Muskogee last night and fistic encounter at Clinton the deposed governor asked local campaign managers for help.

Although he is an outspoken enemy of the Invisible Empire, W. S. Rogers, local cypocals, said the Tulsa Klan would help keep order, if necessary when Walton speaks here tonight.

PHILIPS UNIVERSITY ENDOWMENT CAMPAIGN

END, July 26 (Special).—Two representatives from the National Educational board of the Christian church will be in Enid soon to open headquarters and start promotion work in the interest of the \$100,000 endowment fund of Phillips university, Dr. I. N. McCash, president of the institution, said.

The campaign will start in October and it is hoped to have the fund raised before October 1, 1925. H. H. Harmon, of Indianapolis, superintendent of field activities for the church board, will have supervision of the campaign.

To prevent infants sucking their thumbs an inventor has patented a cuff to be worn on their arms that keeps them from raising their hands to their mouths.

STEPHENS QUOTES FROM THE RECORD

I did not intend to use any personal references in my campaign for re-election to the office of county commissioner from District No. 1. I wanted to let the mantle of charity cover the deeds of others. But since my record has been attacked, I wish to point out a few things which were done before I went into office.

Funding Bonds:

I have always maintained that funding bonds should not be put on the people. Since I have been in office, I have approved only one funding bond issue. This was for \$51,000, a part of which was for judgments obtained by creditors against the county during the term of my predecessor. The rest was for badly needed road improvement as a result of the unusual floods of more than a year ago. Compare this record with the commissioner who preceded me. Here it is.

Funding bonds total \$171,415.

September 17, 1917	\$19,000
May 15, 1918	9,765
January 1, 1919	16,850
September 8, 1919	39,800
February 7, 1921	86,000
Total	\$171,415

In addition there was spent a total of \$57,000 for Allen township and \$52,000 for Francis township obtained from voted bonds.

Who, if anybody, has misused the power given by the people of this county? How does this compare with only one funding bond, which is now pending in the supreme court?

The tax valuations of this county have not increased during my term of office. On the other hand they have decreased each year, totaling a decrease of more than one million dollars.

I give and get the best co-operation with the state highway department. It will be impossible for any person to get better co-operation than I am getting.

The gasoline tax is increasing, and I believe the results of the tax are beginning to show. With many of the early day bridges replaced with permanent structures, I can get permanent highways and keep them permanent, as well as build a good road along the other section lines.

I have given the people a sane, economical administration. I have protected the funds of the taxpayers. I have built roads in the face

OIL NEWS

Oil and gas development is more in evidence in this section than ever before. In every direction from Ada wells are drilling. Several already have found paying sands and others should go into the pay before many more days.

The bridge, which is under construction on the South Canadian river and ought to be ready for traffic by a short time after September 1, will connect the field this side of the river with those in Seminole and Hughes counties.

The natural gas field just north of Ada extends over an area which it will take years to drill out. The wells are long lived and the gas is the purest found in the state.

A new well has just been brought in north of the city good for 50 barrels a day. Twelve miles northwest there is a field in which the wells make about the same amount. Twenty miles southwest another field is making several hundred barrels a day. On the east and northeast there are the Steedman, Francis and Allen fields, all good producers.

The Lloyd well in section 6-3-7, three miles southeast of Ada, is drilling at 2086 feet. Considerable trouble has been experienced with cavings.

This company will probably, in the near future, begin the drilling of several wells, going only to the 1200-foot sand. This sand will produce around 50 barrels a day of 33 gravity oil. With pipe line facilities or even with shipping facilities like it has now, these wells should produce big wealth.

C. J. Wrightman is underreaming at 1390 at Center, section 24-4-4.

The Goldelline Company is drilling at 80 feet west of Roff, just across the line in Garvin county.

The Empire well in section 4-2-7 is drilling at 2585 feet.

Galloway and others are drilling at 955 feet in section 15-3-6, just south of town. The oil sand should be encountered around 1100 feet.

Bowles and others in section 34-5-6 are planning to run the rods and put a packer in their well. With the pumps it is making approximately 50 barrels a day. On account of the gas, they figure it will make more oil by flowing than it will by pumping. Thus the flowing process is to be tried out.

It is understood that preparations for the pipeline across the county are going forward, though nothing official has been announced by the company men. They will be back next week, at which time announcement is expected. The company bought a 49 acre tract near Francis on which a pump station is to be installed and ten or twelve residences to be erected.

FACTS ABOUT CHILD-BIRTH

It has been proven conclusively that much of the suffering, pain and dread experienced during expectancy, and as at child-birth is entirely unnecessary.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of child-birth.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did, start today and experience the wonderful comfort it will give you.

FREE BOOKLET

Write Bradford Regulator Co., Dept. B-3, Atlanta, Ga., for many facts every expectant mother should know. "Mother's Friend" is sold at all good drug stores everywhere.

TEXAS ELECTRIC RAILWAY

Shall we go Forward or Backward?

FLOYD'S RECORD WITHOUT A SUPERIOR

We believe the people of this county want good schools. We believe they want a man qualified to head the system. We believe they want their boys and girls to have as good opportunities as the boys and girls of other counties. We believe no parent wants to go back to the condition which existed before Floyd became county superintendent.

Here is what has been done during the service of Prof. Floyd:

33 Model Schools Established.	The past year there were:
23 Teacherages Built.	254 Teachers Employed in the County.
14 Night Schools Established.	180 High School Graduates.
1 Union Graded School Established.	475 Eighth Grade Graduates.
2 Consolidated Districts Established.	7,135 Average Daily Attendance.
14 Rural High Schools Established.	10,500 Pupils Enrolled.
19 Brick and Concrete Rural School Houses Erected.	

This is how Floyd has put Pontotoc County to the front:

The State has 506 4-year high schools, or an average per county of 6 1/2. Pontotoc has 7, or one-half above the average.

The State has 79 3-year high schools, or an average of one to the county. This county has 2.

The State has 66 2-year high schools, or an average of less than one to the county. This county has 3.

The State has 57 1-year high schools, or an average of less than one to the county. This county has 7.

Thus the county ranks above the average in every particular and is first in the state in the number of model schools. It is ahead of the great and rich oil counties.

Floyd is energetic and sane. Superintendent Nash says he is one of the very best superintendents in the state. Outside educators state he is "without a superior in the South. Let Floyd stay where he is a few more years, and Pontotoc county will rank first in the entire South in education.

Let's utilize Floyd's qualifications and experience. Why keep paying for experience? Why experiment? Why undo a lot of good work? Why penalize the children of the county?

A vote for Floyd is a vote for the boys and girls of Pontotoc County.

(This ad was paid for by friends of education.)

City Briefs

(From Thursday's Daily)
I. M. Sherman, an elderly citizen of Ada, had a close call Wednesday when an automobile that was being parked on East Main street jumped to the sidewalk and knocked him down. He was slightly bruised but not seriously hurt.

Mr. and Mrs. D. A. Kelley and family, of Clarendon, Texas, have arrived for a visit with Mr. and Mrs. B. H. Todd, 505 East 13th. Mrs. Todd and Mrs. Kelly are sisters.

The five months old son of Mr. and Mrs. J. P. Bailey of New Bethel died at an early hour this morning. The funeral services were held at the New Bethel cemetery this afternoon.

Mrs. I. K. Stearns and son Joe left today for their home in Bryson City, North Carolina after an extended visit with her sister, Mrs. J. H. Biles. She was accompanied as far as Shawnee by her father, Rev. J. B. Nicholson who has been here with his daughters for the past week.

Word was received here this morning that little Harlene Hargis daughter of Mr. and Mrs. R. C. Hargis had been run down by an automobile and killed in Fairbury, Nebraska. The little sufferer was rushed to the hospital, but died before reaching it. She was a granddaughter of Mr. and Mrs. Jim Baze and also Mrs. C. C. Hargis of Ada.

(From Friday's Daily)
Mrs. E. Martin of Lawrence underwent an operation at the Breco hospital yesterday.

Mrs. Fred Robertson underwent an appendicitis operation at the Breco hospital today.

Roy McKeown, a teacher in the high school, returned last night from an extended trip to Washington, New York and points in North and South Carolina, where he visited relatives.

J. R. Waldby, formerly of this county, is now employed in the A. and M. College at Stillwater. He is instructing and taking some work at the same time. Jim was a teacher in this county for a number of years, later going into county demonstration work.

George Bradford was in Pauls Valley Thursday. He says the rain Thursday night around Center was fine, and that a good season producer also fell between Stratford and Pauls Valley.

Churchill Thomas left yesterday for Boulder, Colo., where he will enter summer school for the month of August before returning to Ada to accept a position as teacher in Ada high school.

Prof. G. O. Griffith and family are moving back to Owl Creek, north of Stowall, after spending the summer here in school. They have been at Owl Creek four years and have put the school with the best in the state. They believe in keeping things active and get good

cooperation from their pupils. School will begin Monday.

(From Sunday's Daily)
Mr. and Mrs. J. O. Woods and Miss Vera Dagg of the College faculty left Thursday overland for California. They will spend a week in Yellowstone. Mr. and Mrs. Wood will take their A.M. and A.B. degree, respectively, from Berkeley University of California, next year, before returning to Ada. Miss Dagg will visit relatives and friends during August, returning by September 1, to resume her school duties at the College.

Prof. F. B. Haskins and family are moving back to their home at Summers Chapel after spending the summer in Ada. Prof. Haskins reports the most pleasant summer as well as the most profitable summer's work he has ever done. He has one of the best rural schools in the state and he is making it better all the time.

Prof. D. W. Hodges, superintendent of the schools at Vanoss was in Ada Saturday. He states that school is making satisfactory progress and that the people around Vanoss are feeling better over crop prospects.

H. B. Roach, formerly with the Plummer Plow company here, has purchased the interests of Lyle Prince and Wesley Chaney in the Prince-Chaney company on East Main street.

Misses Gene Bedford and Minnie Cox left Saturday afternoon for Kansas City where they will visit Mr. and Mrs. Paul G. Cox.

L. Robinson of Franks was in the city Saturday. He stated that the new brick school building at that place has been completed and will be occupied next week.

(From Monday's Daily)
Mrs. J. C. Marshall and daughter, Ione, will arrive in Ada Tuesday after a two months vacation in West Virginia and Maryland. Her daughter, Henel, is motoring through with Misses Nellie and Pauline Jobs and Mr. Donald Wilson. They expect to arrive some during the first of August.

Guy Meaders and Harvey Faust left this morning for five weeks tour on the Pacific coast. They expect to go as far south as Mexico and as far north as Vancouver, British Columbia. They will make a short stop in Los Angeles and visit Louise Meaders, Violet Moore and Kathryn Taylor, who are attending the University there. They expect to return for the opening of school.

Ashby Tanner, at one time city editor of the Evening News, is here attending the convention and shaking hands with his many old friends. He is now located at Hominy.

Mr. and Mrs. L. D. Fitch and little son, Eugene, of Bristow and Miss Gladys Brooks of Ocelota, nephew, and nieces of Mr. and Mrs. J. N. Walby are visiting in the Walby home while here for the Legion convention. Mr. and Mrs. Fitch are delegates from Bristow.

Among the old timers attending the convention is Dave Hybarger of Chickasha. He has served as county commissioner of Grady county for several years and is a candidate for re-election. Dave says Ada looks

WIMBISH ANNOUNCES FOR SUPREME COURT

The News is authorized to announce the candidacy of Robert Wimbish of Ada for the Democratic nomination for Justice of the Supreme Court, subject to the action of the primary of August 5.

The announcement comes as a pleasing surprise to his many friends in this and adjoining counties. Bob, as he is generally known, has lived here since before statehood and knows everybody and everybody knows him. He has been county attorney, representative in the Legislature, and has had a clientele ranging from petty cases of larceny to murder and huge civil suits.

Bob is a church member and worker, a lodge member and worker, a civic club member and worker, a citizen who always fights and boosts for better living conditions, better schools, better churches, better boys and girls. There are those who differ with Bob in political beliefs, but no one doubts his honesty and sincerity of purpose. No one doubts his stand on a moral issue. And when convinced that he is wrong, no one changes quicker. In spite of many political battles, no one has ever criticized his official record.

Bob's friends say he is ideal timber for the supreme court. His honesty, his integrity, his sincerity, his fairness, his experience as a prosecutor, as a defender of persons charged, as attorney in civil cases, his experience as a law maker—all prepare him for the bench.

Mr. Wimbish is progressive, and so far as progressive ideas can prevail in interpreting the law, no will be progressive on the supreme court. His record in the legislature was progressive. As an example of this, he introduced and got through the law making bodies a law making the railroads better protect livestock and human lives at road crossings. This bill was vetoed by the governor, and thus has not been permitted to benefit the public.

If elected to the office, his decisions will be clear and concise, and there will be no disputes as to the meaning.

Pontotoc county has never had a representative on the Supreme Court, and it is generally believed that citizens will get behind Judge Wimbish and give him a mammoth vote of confidence.

better than ever to him, although he has been away from here several years.

(From Tuesday's Daily)
S. P. Freeling, former attorney general of Oklahoma, was in the city today in the interest of his candidacy for the United States senate. He addressed the voters on the street this morning. Mr. Freeling expressed himself as hopeful of the outcome of the primary next Tuesday.

The Parent-Teachers Association of Vanoss will stage a picnic at that place next Saturday. Candidates have been invited to speak and a program has been arranged. There will be ball games, races and other amusing features.

Wilson visitors held the Ada Independents to a close score here yesterday and threatened several times to push over a winning run. The final total showed that Ada had garnered two runs while Wilson succeeded in crossing the plate only once.

Mayor P. D. Woolwine of Stowall, was in the city today. He says his city is getting ready to put on a cleanup campaign. Although the city is above the average however, Mayor Woolwine wants it the cleanest town in the state.

Judge J. W. Bolen returned Monday from Colorado where he spent a few weeks recuperating. He states that Mrs. Bolen's health is improving and that she will remain there for several weeks longer.

Mrs. Nora George and daughter, Ruth, and Misses Cloe and Katherine Smith of Dallas, and Mr. Cecil Wilson of Sherman are visiting E. H. Lucas and family.

George W. Stovell and son, Otis of Mt. Calm, Texas, are visiting Byron Norrell and wife and other Ada relatives.

(From Wednesday's Daily)
J. C. Cates returned today from Colorado Springs, where he has been visiting for several weeks.

Mr. and Mrs. Wayne Evans and son, Wayne, Jr., left yesterday for an extended motor trip to points in New Mexico.

Dr. and Mrs. Mavity of Marlow returned home this morning after visiting several days with Mr. and Mrs. R. L. Gillock.

CHICKASAW HILL.
We were visited by a nice little shower Thursday night. Mrs. Vera Hawkins of Tulsa is here visiting her mother Mrs. Redding.

Mr. and Mrs. J. A. Ewing went to Hickory Sunday.

Mrs. O. M. Lynch and children are visiting her mother at Ada this week.

Mrs. Tucker and children spent Sunday with her daughter at Dolberg.

Mrs. George Laseman and daughter Hettie spent Monday evening with Mrs. W. W. Whitaker.

Miss Zora Jackson was the Sunday guest of Miss Mary Lee Tucker.

WHAT THEY SAY

To the Voters of the Fourth District of Oklahoma

The voters of the Fourth District of Oklahoma elected Hon. Tom D. McKeown to the 68th Congress by the largest majority that the writer can recall of any member of Congress, and has watched with more than the ordinary care the work of this Congressman in the last long term of Congress.

Of course, Hon. Tom D. McKeown could not expect a very high committee assignment from a Republican "Committee of Committees", a Republican speaker, and a Republican house. They well know, and this is no secret, that the Republican leaders were not at all anxious to have this clear-headed energetic and thoroughly equipped lawyer placed where their short comings would be too fully exposed.

No, brother and sister Democrats, if you defeat Hon. Tom McKeown you will be doing the very thing that the Republicans of the East and North wish you to do—beat such a man as McKeown and put in a "green hand".

Here are just a few Republican leaders and their length of term of service as I recall.

Uncle Joe Cannon, Illinois, served 46 years.

Nelson Dingley, Maine, served 32 years.

Thomas B. Reed, Maine, served 26 years.

William S. Green, Massachusetts, 26 years.

F. T. Gillett, Massachusetts, 30 years.

G. N. Haugen, Iowa, served 22 years.

N. Longworth, Ohio, served 20 years.

All amounted to influential national characters on account of their length of service. The present member shows that he is making an excellent Congressman and with greater experience will bring new honors to himself and his great state. President Garfield said, "Two years in the United States Congress is equivalent to two years in any one of our great Universities." If Tom McKeown is given the chance his ability deserves, his name will reach beyond the border of America and will always be found on the side of his people Justice and Right.—Contributed.

HOGS PASS 10 CENTS MARK AT OKLA. CITY

OKLAHOMA CITY—Live pork values continued to soar skyward with absolute disregard as to the limits of packers pocketbooks Tuesday. In the north where receipts were order buyers and speculators shot the opening market up another 50 cents, in places more. Packers however, refused to step the pace, taking what was left at values but little better than the best time of Monday. Locally around 100 head, all drive-ins, were received, all of which were quickly taken over by city butchers at 50c and 60c higher prices. Small lots sold up to \$10.60 the highest in years. Packers here as well as at all other markets refused to meet the competition and as a result many loads in the north were carried over for the Wednesday market.

Vernin Whitaker is on the sick list this week.

George Toliver was in Roff Saturday.

Miss Zetta Whitaker spent Friday evening with Mrs. J. A. Ewing.

Mr. and Mrs. Leonard Summers were in Roff Saturday.

Mr. and Mrs. George Laseman went to Palmer Sunday evening to see their daughter-in-law, Mrs. Leonard Laseman.

Misses Loretta Kelly was in Roff Saturday.

Several of the young folks of this community have been attending the singing school at Dolberg this week.

JACK AND PETE.

LANHAM

The rain that fell here Thursday night was appreciated by everyone.

Zelma Ennes and Vera Crawford took dinner with Miskel Norvell Sunday.

Lola Ennes is visiting friends in the Jones Chapel community this week.

James Harlan took dinner with Bud Parks Sunday.

Mr. and Mrs. S. C. Roles of Washington, Okla., visited the latter's parents, Mr. and Mrs. J. H. Little the past week.

Ruth Little took dinner with Maye Smith Sunday.

Mr. and Mrs. Payne, also Mr. and Mrs. Standridge visited in the Little home Sunday afternoon.

A large crowd from Lanham attended the picnic at Stratford last week.

Sunday school was well attended Sunday.

There will be church at Lanham Saturday night and Sunday, also singing Sunday night.

Prayer meeting every Thursday night.

A Christian revival will start at Lanham on Saturday night August 9. Every one come.

Foreign Newspaper

Comments of Death

Of American Attache

CEHERAN, Persia, July 30.—The newspaper Iran today published a letter from the foreign minister to the American minister showing that the government and nation are horrified and sorrowful over the killing of Vice-Consul Imbrie and that every endeavor is being made to learn the identity of the culprit and that if discovered he will be severely punished.

The American legation here has not yet received the Persian government reply to the recent note of the United States government.

RUPTURE SHIELD EXPERT HERE

MEINHARDT, WELL KNOWN IN THIS SPECIALTY, CALLED TO ADA.

E. J. Meinhardt, the well known expert from Chicago, will personally be at the Harris Hotel, Ada, Okla., on Wednesday only, August 6th.

Mr. Meinhardt says "The Vacuum Rupture Shield" will not only hold the rupture perfectly, but will contract the opening in ten days on the average case—usually giving instantaneous relief withstanding all strain regardless of the size and location of the rupture. This instrument is highly indorsed for producing results in the United States and foreign countries without the use of surgery, medical treatment, prescriptions or injections.

Caution: Ruptured persons should beware of old-style trusses with under-straps. These trusses usually place the pain on the lump and not on the rupture opening. This often causes serious trouble resulting in strangulation and necessitating a surgical operation. Mr. Meinhardt will be glad to demonstrate free to all who call at the hotel from 10 a. m. to 4 p. m., the unusually rapid results produced by "The Vacuum Shield." The largest and most difficult cases are especially desired.

Only gentlemen are invited to call on the above date as a special visit will be made here at a later date for women and children.

Notice: Do not write asking to be fitted by mail as this is impossible. Every case must be seen personally. If interested, you must call at this hotel on the above date. Business demands prevent stopping at any other place in this section.—Adv.

SENATOR LODGE UNDER CARE OF PHYSICIANS

CAMBRIDGE, Mass., July 23 — Henry Cabot Lodge, senior senator from Massachusetts, is in a hospital here today putting forth all the strength of his 74 years to recover from the effects of an operation performed yesterday afternoon after a critical recurrence of a severe bladder trouble.

Dr. J. H. Cunningham, the surgeon, who is attending the senator said after his visit this morning that the condition of his patient was "excellent."

"Senator Lodge's temperature is normal and his pulse is 76 and for a man of his age his condition is excellent" the surgeon said.

The senator has been under a physician's care since his return to his Nahant home a month ago and suddenly became serious early yesterday morning. He was hurried to the hospital here and after consultation, his physician decided to operate. Mr. Lodge, in good spirits and in remarkable condition for his age, rallied quickly and regained consciousness last night. His continued recuperation depends entirely on his own strength, the physician said.

Wheat Prices Advanced
OKLAHOMA CITY, July 26.—Wagon wheat prices were advanced today at noon to \$1.05 for No. 1 grade and \$1.02 for No. 2 grade. The prices represented an increase of 3 cents a bushel over yesterday.

T. N. ROBBETT, PIONEER JUDGE, DIES AT DAVIS

ANDMORE, July 29 —Thomas N. Robnett died Monday evening at 7 o'clock at his home in Davis following an illness of many months. His widow and one daughter survive him. Funeral services are being held this afternoon in Davis. Judge Robnett was a native of East Texas. He moved to Indian Territory prior to statehood. He served as referee in bankruptcy in Pauls Valley and after moving to Ardmore he served here as United States commissioner. He always took an active interest in politics. He was one of the best read men in this portion of the state in matters pertaining to politics and he was a ready debater.

He was a Republican and many a time he has made it warm for Democrats who opposed him. After coming to this country he married a daughter of Knott Tracy of Davis and she survives him. His age was about 55 years.

HARKRIDER-MORRISON

Mr. J. H. Harkrider of Henryetta and Mrs. Ella Morrison of Ada were united in marriage Monday evening at 7:30 at the home of Rev. and Mrs. B. F. Stegall, 412 West 10th street, Mr. Stegall performing the ceremony.

Taken to Tishomingo.

Johnny Byrd, who has been held in the county jail alleged to have been involved in a number of misdemeanors, was taken to Tishomingo today by county officers. Byrd is alleged to have skipped a board bill.

RECORD DEADLOCK

Seventy-Seventh Ballot Not
Sufficient to Pick
Demo Nominee

(By the Associated Press)
MADISON SQUARE GARDEN, July 5.—Nothing in its agony the Democratic national convention today rejected all measures to lessen its deadlock. Like an obdurate sick man it pushed aside the remedies the volunteer physicians presented and then jerked away a proposal that it quit New York and convene July 21 in Kansas City. Proposals in various forms to drop the low man on each succeeding ballot were down on roll calls and a further proposal which would limit discussion in abrogating the unit rule and the two-thirds rule were dismissed without roll call and by a thundering viva voce vote which left no doubt of its decision.

After the seventy-seventh ballot, which made little material change in the lineup the convention adjourned until 11 a. m. Monday. On the seventy-seventh ballot the leaders stood as follows: McAdoo 513, Smith 367, Davis 75.5. There was a loss of 1 for Smith, a gain of 1 for Davis with McAdoo unchanged.

Gov. Smith ran up a new high mark in the balloting today when Ohio brought up a block of 43 votes that had been going to favorite sons, gave Smith 2-1-2. Another block of votes was taken from McAdoo when Michigan went to Smith.

The first consequential shift of votes on the balloting came on the seventy-fourth ballot which was the fourth to be taken at today's session. Michigan had been voting 25 for McAdoo and 5 for Smith but changed to 9-1-2 for McAdoo, 12-1-2 for Smith, 6 for Davis and 1 for Cox.

The leaders stood this way on the seventy-fifth ballot: McAdoo 512, Smith 366, Davis 78.5.

MADISON SQUARE GARDEN, July 5.—On the seventy-first ballot the leaders stood as follows: McAdoo 528-1-2, Smith 333-1-2, Davis 65.

McAdoo's vote was unchanged from the last ballot last night. Smith lost 1 and Davis gained 1. The totals for the seventy-first were:

McAdoo 528-1-2, Smith 333-1-2, Davis 65. Underwood 27-1-2, Glass 25, Robinson 21, Ritchie 16-1-2, Walsh 2, Saulsbury 6, Owen 2, Baker 56, Bryan 2, Walsh 1, Absent 1.

Totals of the seventy-second ballot were:

McAdoo 527-1-2, Smith 334, Davis 65. Underwood 27-1-2, Glass 25, Robinson 21, Ritchie 16-1-2, Walsh 2, Saulsbury 6, Owen 2, Baker 54, Bryan 2, Absent 1.

Seventy-third ballot:

McAdoo 528, Smith 335, Davis 66. Underwood 28-1-2, Glass 25, Robinson 21, Ritchie 16-1-2, Walsh 2, Saulsbury 6, Bryan 2, Baker 54, Absent 1.

MADISON SQUARE GARDEN, July 5.—While the McAdoo forces were seeking unsuccessfully to put over a resolution today to drive the favorite sons out of the field of deadlocked candidates, the Smith supporters countered with an attempt to form a combination with the favorite sons contingents in the hope of finding a compromise who could be put over.

Those in charge of the candidates of John W. Davis of West Virginia, Robinson of Arkansas, Glass of Virginia and others in the favorite son class went into conference with the Smith manager who seemed ready to concede that the time had come for a compromise, provided it was made certain before hand that by no possible chance McAdoo would be nominated.

Some of those who took part in the discussion were very hopeful that a compromise selection soon would be made and the convention freed from the deadlock that has held it helpless for a week of balloting.

The resolution to apply the process of elimination in an effort to clear the field of favorite sons was presented by former Senator Gilbert Hitchcock of Nebraska. It provided that after the seventy-fifth ballot the low man of each successive roll call be asked to withdraw. Previously the convention had thrown out quickly by a viva voce vote a sim-

MAN ARRESTED CHARGED WITH STEALING AUTO

While everybody out at the Indian baseball game Friday morning was trying to follow the ball the Indians were stripped down to chase a new blue Oakland car belonging to George Bradford, an oil man, mysteriously disappeared.

By chance one of the fans at the Indian ball game was looking around over the country and noticed the swift departure of the new car and so informed Bradford until he discovered that his car had been taken.

Later Friday Kenneth Braughton was arrested four miles out of Mayville with a blue Oakland, established by Bradford as his own. Braughton was brought to Ada and placed in jail charged with taking the car.

It is alleged that Braughton stopped at Sulphur and gave a worthless check for gasoline and motor oil. His trail was picked up at Sulphur and the chase continued until Bradford and local county officers came upon him.

ARKANSAS CITY AND ENID TEAMS MIXED

Fans Turn Out to See Teams
Battle it Out in
Two Leagues

TOPEKA, Kan., July 5.—Arkansas City and Enid found themselves in two baseball leagues today—the Southwestern and Oklahoma State. This was an idle day between halves of the season in the Southwestern league. The Cushing team of the Oklahoma Stateleague appeared at Arkansas City today to begin a series while Enid went to Ponca City to play another Oklahoma State game.

Meanwhile J. W. Harris of Salina, president of the Southwestern league, declared that the organization will be kept together, making it a six team league. If Miami, Okla., fails to enter and take over the Coffeyville franchise, Independence was to be dropped in case the Miami proposition fell through.

Officials of the Topeka Western Association team announced late this afternoon that the Independence club is being broken up and that Topeka has obtained three Independence players.

Arkansas City, which is rated as standing in sixth place in both the Southwestern and Oklahoma State leagues, is scheduled to play Cushing at Arkansas City Sunday and Emporia at Emporia the same date. The fans there are at a loss to know where to turn. Officials of both leagues tonight are trying to iron out the difficulty.

ADA SPENDS SANE FOURTH HOLIDAY

Celebration Here Attracts
Crowds; Many Outing
Parties.

Ada observed a safe and sane Fourth while a number of holiday recreations and events of interest were in store for Ada citizens and visitors in the town for the day.

Beginning early Friday morning the Fourth was started off in full style at the City Park where the Norman Howard post, American Legion, were entertaining out-of-town visitors with a picnic.

The baseball park was also the scene of the Indian baseball game, which was quite a novel feature for residents of Ada and visitors from the surrounding towns.

The afternoon saw a continuance of the program for the legion picnic with Carl Williams and John Simpson, sponsors of the co-operative marketing move, as speakers for the afternoon. Contests for the legion picnic also attracted some attention.

Holiday visitors began arriving in Ada Thursday night, especially Indians from this part of the country, who journeyed here for their Fourth celebration. Indians pitched tents in true pioneer style at the city tourist camp and spent the night along the custom of their ancestors.

While Ada enjoyed the influx of country people for the Fourth celebration her, caravans of tourists sought outing sites to observe the Fourth with private picnic. Several parties went to Sulphur and others to Byrd's Mill the entire country was dotted with families out for a vacation with Nature.

Indians Reclaim Ada in Celebration

Ada was again a pioneer village on the borderland of primitive days of Oklahoma Thursday night and Friday morning when the Chickasaw and Seminole Indians celebrated the Fourth in their own fashion here.

The veil of modern civilization was snatched from the expense of a few short years and the Indian customs revealed as it had been in the days before the encroachment of the white man over this section of the state.

While the frenzied fervor of semi-savage days could not be aroused in the braves and squaws who came to Ada to celebrate the Fourth

in their own fashion, their maneuvers nevertheless cast a spell over residents of Ada who looked on in awed bewilderment.

On Thursday night, the Seminoles and Chickasaws came to town to celebrate and through the long hours of the night their weird exclamations of joy in connection with their stomp dance carried Ada back to the days of its infancy when such demonstrations were common.

Thousands of people crowded near the free camping grounds on East Main street to obtain a glimpse of the antics of the braves and their squaws. Traffic cops were used to prevent an uncontrollable influx of

cars in that vicinity and the combined efforts of city and county officers failed to relieve the congestion during the early hours of the night. Cars were jammed along two blocks in the vicinity of the celebration.

Through the long hours of the night the weird dance continued—a camp fire, a hide drawn over a kettle to resound to monotonous beats of a club and the continued stomping in a never-ending circle constituted the difficulties of the demonstration while the blated shouts of braves indicated the heights and de-

THREE DEAD AND OTHERS LOST IN STEAMBOAT FIRE

Two Negroes and Negress Are
Known Dead From Boat
Catastrophe

FIVE ARE LOST
Members of Newsboy Band
Are not Accounted
For in Check-up

(By the Associated Press)
BALTIMORE, July 5.—Two negroes and a negress are known to have lost their lives and the fourth, a deckhand, is thought to have perished when fire, which destroyed the steamer, Three Rivers, enroute from Crisfield, Md., for Baltimore early today.

Five others ranging from fourteen to seventeen years of age are missing and it is believed they were lost. They were members of the Baltimore Evening Sun newsboys band.

All the survivors, approximately 90, of whom 54 were remaining members of the newsboys band were brought to Baltimore by the steamer, Middlesex, which had gone to the assistance of the burning steamer, or together with several other craft, attracted to the scene by the blaze.

Almost from the beginning of the conflagration a dense smoke issued from the vessel and along the deck, threatening death or asphyxiation.

BALTIMORE, July 5.—Three dead, 5 boys missing and 12 persons injured, some seriously, was the tale brought here by survivors of the side-wheel steamer Three Rivers of the Baltimore, Chesapeake & Atlantic Railway company, which with 350 passengers burned to the water's edge early today in the Chesapeake bay near Cove point.

This total, which was obtained from weeping, hysterical persons clad in makeshift clothing as they left the rescue steamer Middlesex of the same line, may be swelled when accurate figures are available.

Miss Evelyn Croker of Baltimore and a negro deck hand were drowned and another negro deck hand was burned to death.

All of the 5 boys are believed to have perished. They were members of the Baltimore newsboy band who had gone to Crisfield, Md., to play at the regatta. Most of the passengers were from Baltimore. They had been to Crisfield for the boat races.

According to stories obtained from survivors, nearly all the people took to the water because of the failure of attempts to launch the life boats. They were picked up by the crews of other craft which were attracted to the scene by the blaze. Officers of the Three Rivers could not give the cause of the fire.

TAXICAB DRIVER IS SLAIN BY HUSBAND

(By the Associated Press)
HOUSTON, Texas, July 5.—Joe Terry, 30, a taxicab driver, was shot and fatally injured this afternoon while he was at the home of Mrs. Lula Smith. He died in less than an hour. Harry T. Smith, husband of Mrs. Smith, was arrested and charged with murder.

Mrs. Smith told the police that Terry had come to her home Saturday morning, stating that he was sick and wanted to take some medicine and later had lain down on the bed and fallen asleep. She said her husband came in later and accused her of being unfaithful.

Mrs. Smith, who also is a taxicab driver, said he and his wife had been separated for four months.

CIVIL WAR VETS BACK FROM MEET

Confederate Veterans Report
Big Time at Reunion at
Chickasha.

Returning with the distinction of having the largest delegation at the annual Confederate reunion at Chickasha, Civil war veterans of southern tendencies declared the Chickasha convention to be a success from every standpoint.

Invigorated by association with sympathetic comrades in a war of over a half a century ago, wearers of the Gray were back in their regular routine Saturday to await for another such occasion when they can live again the vivid memories of their war days.

To the Ada delegation goes the credit of having the largest representation of any camp in the state, inclusive of the Ardmore home, which sent 21 delegates to the Chickasha convention.

Forty veterans and their wives composed the Ada delegation that left on their special train Tuesday noon. Four maids and matrons of honor accompanied the veterans to their reunion.

Many of the vets, weary of their trip and excitement, returned to their homes here Friday while others remained until the last event on the program and returned to Ada Saturday. Several of the Confederate veterans were from other points in the county.

With the passing of each succeeding year, veterans find their endurance of such occasions less obdurate regardless of the fact that they insist on seeing all there is to be seen. The Ada delegation as a whole stood the trip well, only two or three of the veterans suffering from the effects of the trip. One of the delegates was taken ill immediately after arriving in Chickasha and was forced to remain in a hospital during the reunion.

Confederates were billeted in the dormitories of the Oklahoma College for Women and enjoyed every convenience possible. They reported themselves as being well pleased with the entertainment and hospitality afforded them.

AMERICANS SHARE TENNIS HONORS WITH WIMBLEDON

WIMBLEDON, Eng., July 5.—Two of the five classic Wimbledon championships were won by Americans today in the final contest played in the tennis tournament. Miss Helen Wills, American single champion, and her partner, Mrs. George Wright, defeated the Wimbledon team, Mrs. Kathleen McKane and Mrs. Cowell. The other went to Vincent Richards and Francis T. Hunter.

COOLIDGE'S SON CLAIMED REVIVED FROM OPERATION

Eldest Son of President Undergoes Operation in
Washington

CONDITION CRITICAL
Septic Poisoning from Blister
Creates Alarm at
White House

(By the Associated Press)
WASHINGTON, July 5.—An operation described as successful was performed upon Calvin Coolidge Jr., 16-year-old son of President and Mrs. Coolidge, at the Walter Reid hospital in an attempt to arrest the course of an attack of septic poisoning.

One of the physicians said, "We have accomplished all that we expected."

The President and Mrs. Coolidge were at the hospital during the operation. Mr. Coolidge going there where operation was decided upon and the latter accompanying her son when he was removed this afternoon from the White House.

The physicians remained in conference for some time after the operation and those in attendance included Dr. John H. Beaver, Philadelphia surgeon, Dr. John A. Kolmer, blood specialist, also of Philadelphia, Major James S. Coupal, Lieut.-Commander Joel T. Boone, Dr. Charles W. Richardson and Col. W. L. Keller, commandant of the hospital.

The physicians came out of conference without issuing any formal statement and an hour after the operation most of them left. The President and Mrs. Coolidge, however, decided to remain at the hospital throughout the night.

They desired to remain at the hospital, it was understood, because the condition of their son was critical.

The operation was decided upon at a consultation of his physicians early this evening, the third of the day. It was their belief, it was said, that the poison in the system had centered sufficiently to warrant an effort at draining it from the body before the youth's strength was further weakened in fighting the infection.

WASHINGTON, July 5.—The condition of Calvin Coolidge Jr., son of the President, who is seriously ill of septic poisoning, remained serious today, although it was said he held his own during the night. The 16-year-old boy is making a strong battle against the infection which has spread throughout his system as the result of a blister on the foot sustained in playing tennis.

Another conference of physicians was held early today and afterward it was said the patient was still very ill. Following its usual course the poison in its spread is causing intense pain. Those in consultation were Maj. Coupal and Lieut.-Commander Boone, Washington, special hospital and Col. William T. Keller of the Walter Reed hospital. Col. Keller is an expert in poison cases.

The treatment is centered on localizing the disorder.

Mrs. Coolidge has been constantly at her son's bedside since his illness became serious early Thursday. The president has left the White House only once to keep a speaking engagement yesterday.

PEACE DOVE MAY
YET HOVER OVER
DEMO ASSEMBLY

Selection of Compromise Candidate Foremost in
Minds of Conferees

SEVERAL WILLING
McAdoo Field Marshall Not
Willing for High Man
To Quit Race

(By the Associated Press)
NEW YORK, July 5.—Peace negotiations for the selection of a compromise candidate for the presidency were undertaken under serious difficulties tonight by a group of Democratic chieftains upon whose shoulders the party's national convention had placed the task of freeing it from its record-breaking deadlock.

Among those in conference asserting a willingness to compromise were many of the supporters of McAdoo and Smith apparently convinced at last that neither could be nominated. Weighing heavily against the conference work for a compromise, however, stood the open defiance of the McAdoo campaign managers who declared their only compromise candidate was McAdoo.

The mandate of the convention, voted with a sigh of relief from the warring elements, empowered the conferees to undertake negotiations "for the purpose of reaching an understanding so as to hasten the conclusion of this convention."

As the wearied delegates left the fruitless ballots, they appeared to have no doubt that their leaders convention hall after seventy-seven would undertake and find a way out of the difficulty and there could be a general agreement. Three hours later, David Ladd Rockwell, the McAdoo field Marshall, announced that he would enter the conference without any such object in view. As he interpreted it, the McAdoo manager said, the purpose of the meeting was to seek an amendment to convention procedure so that the anomalous situation which has held the convention powerless throughout the entire week could be brought to an end and a nominee selected. Under such circumstances, he added, the high man in the voting could not be expected to step aside for any one.

INDIANAPOLIS, Ind., July 5.—United States Senator Samuel R. Ralston was urged today to reconsider his request for the withdrawal of his name from consideration as a candidate for the Democratic presidential nomination in a number of telegrams.

Some of the messages declared that Housier is the only one who can unite the party.

The Senator declined to make any comment other than to say, "The telegrams speak for themselves."

RAILROAD COMMISSIONER IS
NAMED SCHOOL PRESIDENT

(By the Associated Press)
AUSTIN, Tex., July 5.—Dr. Walter Splawn, member of the Texas railroad commission, has been named the next president of the University of Texas. His unanimous election by the Board of Regents was announced here today by Dr. Joseph E. Wooten and H. H. Wroe, members of the board. Dr. Hubert Eugene Bolton of the University of California who was offered the position in May wired his declination today.

FARMERS ARRESTED ON
CHARGE OF EXTORTION

(By the Associated Press)
CHICAGO, July 5.—Joseph Peek, 43, and his son Clarence, 24, farm hands who came to Illinois from Asheville, N. C., are held tonight in the Winnebago county jail on charges of attempting extortion in connection with the sending of a letter to Senator Medill McCormick and his wife, demanding \$50,000. Their hearing has been continued until next Thursday.

The Pecks were arrested when Mrs. McCormick reported to authorities receiving two letters which made no threats but simply asked that \$50,000 be placed in a culvert a short distance from the McCormick home near Byron, Ill. They were arrested by private detectives who placed a decoy package under the culvert but were freed for the time being when they gave a satisfactory explanation.

The average cow in this country produces 4,000 pounds of milk and 160 pounds of butter annually.

LORAIN, OHIO, MAYOR ASKS ADA FOR HELP

An appeal for aid to assist in the relief of the homeless and suffering masses of Lorain and other Ohio towns was received here Saturday by Mayor Somer Jones from Mayor George Hoffman of Lorain, Ohio.

Jones in a statement Saturday afternoon expressed a desire that Ada be represented in the relief measures to the storm stricken area, where thousands of people are homeless.

Following is the telegram received by Mayor Jones:

Lorain, O., July 4, 1924.

Honorable Mayor,

Ada, Okla.

Lorain is sorely stricken. Loss will largely fall upon people homeless and without resources. Ohio's governor acting to secure aid throughout state. This will not suffice as Lorain needs every contribution possible from municipalities or individuals. Send contributions to Lorain Chapter Red Cross. National Red Cross will supervise distribution.

GEO. HOFFMAN, Mayor.

POLITICAL FIRES BEGINNING TO BURN

Only Four More Weeks for
Office Seekers to Inform
Voters.

The political fires are beginning to burst into flame as the date for the Democratic primary, August 5, approaches. Hon. Tom D. McKeown has arrived on the scene and pitched into a campaign for votes for the next few weeks. While it is generally considered that he has little real opposition, the Ada law maker is taking no chances and is letting the people know how well he attended to their business while in Washington.

The senatorial race is causing no little interest. Prince Freeling has been on the ground and has got some of his friends' working. Wrightman has a manager here and is telling the people about his qualifications both by word of mouth and by the written word. Gore has begun to excite some interest, and Howard has friends who are not neglecting him. Ex-governor Walton also has support, and will address the voters here Monday night, according to circulars on the streets Saturday.

Interest in the county races is not up to the average. For some offices there will be only one candidate, while for others almost no campaign is being made.

The Visible Government League has advertised a meeting for Monday, at which time there will be speaking by many candidates.

Only four more weeks remain for the campaign. What interest is to be created must be created without delay. So far the senatorial race is taking precedence over all others.

PROGRESSIVES END
SHORT CONVENTION

National Committee Empowered
With Authority to name
Running Mate

CLEVELAND, O., July 5.—After endorsing Robert M. LaFollette as a presidential candidate and providing for the organization of a new political party next January, the conference for progressive political action wound up the convention early tonight.

The conference empowered its national committee to select a vice presidential candidate after a conference with the LaFollette-for-president committee.

LaFollette was endorsed as a candidate on his own platform. The convention then adopted for itself a platform embodying the idea contained in the statement the members issued at the St. Louis conference last February.

The final day for the gathering worked out quickly according to the plans of the leaders and without appreciable opposition. But just before adjournment some of the delegates, "dazed by the rapidity of the convention's work, had to be assured by the chairman that LaFollette had been nominated and that definite provision had been made for the new party."

The average cow in this country produces 4,000 pounds of milk and 160 pounds of butter annually.

BATHING REVUE TO BE BIG ATTRACTION

Splash of Bevy Beauties to Attract Favorable Attention

In order that Buddy may get an eye-full as well as his full of the hospitality of Ada folks, the convention committee arranged for the assembly of veterans here July 28 will add a big splash to the pranks of young veterans by offering the Norman Howard Bathing Revue, a bevy of beautiful mermaids who will show their sea-bathing suits and other qualifications to entitle them to contest for the silver trophy.

Those in charge expect quite an entertainment as well as the permission of awarding the silver loving cup to the girl who catches the favorable eye of the judges.

Already a list of the prize beauties of the state have sent in announcements to the effect that they have the little bathing suit ready to trot it down to Ada when the state buddies meet.

Two of the prize beauties, who have won awards in past years, sent their pictures to the legion post here and wagers are being made already on their success when the judge turns an inquisitive eye along her lines.

When the legion officials decided on the bathing revue as an attraction, they actually meant a bathing "review" because the mermaids will promenade around the Norman Howard swim pool before stepping out on the diving board for the final jump of judges. Entries will be called from the judges' stand, according to the period of their filling and the process continued until the last has dazzled the feasting eyes of legionnaires.

Those in charge of the revue place few restrictions on the event. The concerners are members of the legion and are not particularly interested in whether the girls wear one, two or three piece bathing suits or whether they bring along suits that will stand the detrimental effect of water. They may pass in review and retire as they see fit, the committee not being interested in their ability to swim.

While the judges remain adamant on the prospects of the revue, they slyly intimate that the shorter the bathing suit, the longer the peep and consequently a more favorable consideration of candidates.

Seats will be provided for delegates to the convention, should any of the boys want to take refuge during the revue.

Letters are being sent to posts in the state in effort to interest various posts to bring the prize bounty of their home town along for a bit at the prize.

A silver loving cup with the picture of a bathing beauty etched on its surface and purchased at an expense of "beaucoup francs" by the local post will be the award.

WILLIAMS' FRISCO JOB CINCED BY PAYMENT

The fate of Guy Williams in the Pacific Coast cruise took a more determined course today with the receipt of a check for \$2,500 here on the contract for Williams with the San Francisco Seals.

A period of uncertainty concerning Williams, former star pitcher of the local club, as the time for signing the contract drew near but this period lapsed when Williams took hold of the center mound and held it with his sensational pitching.

The receipt of the check here by A. O. Green, manager of the local club and manager of Williams' relations with the San Francisco club cinched Williams stay with the San Francisco club.

At the time of the uncertain negotiations, offers were received from the Pittsburgh Pirates and American Association clubs.

Stomp Dance Leads to Arrest of Man for Selling Booze

The stomp dance of the Chickasaw and Seminole Indians required a certain amount of firewater to revive dwindling spirits, Robert Johnson, who is alleged to have supplied a quantity to Indians, is facing two charges in county court for alleged sales of corn whiskey.

The arrest of five Indians Thursday night, who had long since been saturated led to their alleged exposure of Johnson and his store of firewater and officers filed the charge against Johnson.

While the arrest was enacted by the city officers the cases were turned over to the county officers for prosecution.

CONCRETE ROAD OPENED THRU WOVOKA BOTTOM

To Dr. A. M. Butts, progressive president of the Chamber of Commerce, goes the honor of being the first to drive over the new road thru Wovoka creek bottom, which was opened to the public Monday.

The Holdenville Chamber of Commerce and Hughes County have spent something like \$13,000 on this stretch of road. It gives the Parks City, Gilcrease, Wetumka and Cronwell traffic a sure route to Holdenville and opens a new road from Holdenville to Oklahoma City, thru the oil fields. Much credit is due to the aggressive chamber of commerce who have stayed with this proposition and pushed it to the alternate conclusion. —Holdenville Tribune.

METHODIST UNIFICATION TAKEN BY SOUTHERNERS

(By the Associated Press)
CHATTANOOGA, Tenn., July 5.—Organic unification into one great church of 7,000,000 members of the Methodist Episcopal church and the Episcopal church, South, depends on the section during 1925 of the annual conferences of the two organizations as the result of the acceptance here yesterday of the plan of unification by the Southern church in special conference. The vote was 297 to 75.

The proposal was accepted after three days of strenuous debate.

For ratification by the annual conferences next year a two-thirds majority will be necessary in the northern church and in the South three-fourths of the delegates must act favorably. The southern conference yesterday by resolution requested that its annual conferences take a secret ballot.

State Sons Remember Coolidge's Birthday With Huge Tag Cake

BOSTON, July 5.—There were 20,000 citizens of Massachusetts who did not forget that July 4 was President Coolidge's birthday. They sent their greetings in the shape of a huge birthday card four feet high and two feet wide with the 20,000 signatures attached.

The idea was started by loyal business men of Massachusetts. They forwarded the card by a messenger who wore a big tag reading "I am delivering a birthday message from Massachusetts to President Coolidge."

It was planned to have the birthday card handed to the President before he started his fourth of July address.

COLLEGE QUARTET TO SING FOR SCOUTS AT FRANCES

A musical program will be presented under the auspices of the Francis Scouts at the Methodist church in Francis Sunday evening by the Male Quartet of the College assisted by Miss Bonnie Callis and Mary Belle Harvey. The entertainers will go on the invitation of Scoutmaster Harry Miller.

The College quartet, composed of Messrs. Parker, Turner, Steed and Faust, has appeared in a number of scout entertainments.

GRASSHOPPERS UNDER CONTROL IN JOHNSON C.O.

We are informed by County Agent Curtis Floyd that the grasshoppers are now under control in this county and that the only place where any real damage has been done is in the fields south of Bavia. He reports a few in some places near Bromfield and Wagonwheel. Mr. Floyd says there will be no hoppers next year for the reason that a parasite is growing on the backs of the present crop and it will destroy them before they can lay their eggs. Floyd is busy night and day, helping the farmers in the infested areas putting out poison and taking other steps to destroy these pests. —Johnson County Democrat.

Minister Takes Life

(By the Associated Press)
LEES SUMMIT, Mo., July 5.—The Rev. Lester Clark, 60, pastor of the Methodist Episcopal church South, ended his life with a rifle bullet in the garage of his home today. The body of the minister was found by his daughter and only surviving relative, Miss Velma Clark, 18.

FORMER ADA TEACHER AWARDED HIGH HONOR

Word comes from Oklahoma City that an Oklahoma supplement to the newly adopted geography written by Miss Moss Wingo, formerly a teacher in the Ada schools, but now in the schools of Oklahoma City, has been accepted and will appear in the new book when it is delivered.

BASEBALLS THROWN AT EFFIGY OF GOV. SMITH

(By the Associated Press)
LONG BEACH, N. J., July 5.—Baseballs were thrown at an effigy of Gov. Smith of New York at a Ku Klux Klan celebration here yesterday.

"Keep Al Smith out of the White House; three shots for five cents," read a banner above the effigy which held a whiskey bottle in one hand.

Seek Extortion Letter Author

BYRON, Ill., July.—Detectives are seeking the authors of a \$50,000 extortion letter sent to Senator Medill McCormick and his wife.

AMERICAN REPRESENTATIVE ON CLAIMS COMMITTEE

(By the Associated Press)
WASHINGTON, July 5.—Robert W. Bouyague, who is to represent the United States before a mixed commission will leave for Germany Wednesday to enter into negotiations with German authorities for the settlement of American claims against Germany. He will be accompanied by Harold H. Martin, Jr., J. C. Fisher, counsel, and Jackson C. Lesley, accountant and auditor.

Mr. and Mrs. F. C. Sims will leave today for a sojourn of a week or two at Sulphur.

Mr. and Mrs. Hays Ryordon of Oklahoma City are visiting relatives here. Mrs. Ryordon was formerly Miss Velma French and was for several years connected with the Ada schools.

Mrs. S. S. Holcomb returned yesterday from Muskogee where she had been visiting her son, Claude. She was accompanied home by her granddaughter, Lore Mae.

No. 2

day, but somewhat most drastic proposal, submitted by Ed M. Seamans, a delegate at large from Oklahoma, but when the question was put on the floor the resolution of the response was more encouraging and a roll call was ordered. The Smith delegates and others supporting the favorite sons voted almost solidly against the plan. The vote on the resolution was 496 yeas and 593 nays. Under the rules a two-thirds vote, or 724, would have been necessary for its adoption.

Durant Man Presents Motion

Then A. H. Ferguson of Durant, Okla., presented a resolution proposing that "no nomination can be made under present conditions, the convention adjourn to re-assemble July 21 at Kansas City. A sale of laughter swept over the convention hall when the proposal was read. A point of order was made against it by former Representative S. M. Fitzgerald of Brooklyn, but Chairman Walsh overruled it and Mr. Fitzgerald countered with a motion to lay the resolution on the table. There was a strong response on both sides when the motion was put and the chairman pronounced it lost.

HEADLTON CLUB COMING FOR GAME HERE SUNDAY

After their defeat of the Oklahoma City Club, A. O. Green's Ada Independents are ready for their fray here today with the Headlton nine.

Green announced that practically the same lineup would be used in the game today as appeared in the field Friday afternoon.

The Headlton aggregation is rated as a fast one and the game Sunday is expected to bring plenty of interest to the fans.

British Flyers Off

(By the Associated Press)
KAGOSHIMA, Japan, July 5.—A Stuart McLaren, the British aviator who was flying around the world, left here at 7 o'clock this morning towards his next stop. McLaren arrived here yesterday from Shanghai.

WHY WORRY?

A merchant, unable to sleep, tossed fitfully on his couch and muttered unintelligible words. The wife of his bosom sought the cause of his restlessness. In answer to her inquiries, he said: "You should expect me to sleep when my note to Brown in the bank comes due tomorrow for \$5000 and there's only \$2000 in the bank to meet it."

"It is?" said the faithful wife. "Then I tell you what you should do, Ike. You should get up and go over to Brown's house and tell him, and then come back and go to sleep. Let Brown stay awake."

Don't worry about your shoes. Let faithful Jake take care of your shoe repair problems.

America Deady to Send Athletes to Olympic Contests

(By the Associated Press)
PARIS, July 5.—America's sturdy athletic forces, one of the finest arrays ever seen in international events, was ready tonight for the opening tomorrow of the Olympic track and field battle with 45 rivals nations headed by the powerful tennis team, seeking to break the hold America has had upon athletic supremacy since the revival of the Olympic games.

The battles for chief honors in eight Olympic games between the United States and Finland promise to be thrilling and many expect that the eight days of competition will develop performances eclipsing in keenness and excellence those of Stockholm twelve years ago, which so far have been regarded as the high water mark of international competition.

POLITICAL ANNOUNCEMENTS

The News is authorized to announce the following candidates, subject to the Democratic Primary, August 5, 1924.

For Representative
FRED P. BRYDIA

OIL NEWS

The Rowles and Smith well in section 13-5-6 continues to be the main source of interest. The tubing was taken from the hole Friday in order to clean out the mud in the bottom. While this was being removed, the oil started flowing and continued for some time.

As soon as the hole has been cleaned out, the pump will be put in place again and the tanks will begin to fill. It flowed 45 barrels of oil into the tank late Thursday without the aid of the pump.

While it may be several days before the actual settled production can be determined, there seems to be no doubt about it being a pay well. More locations are expected within a short time.

Galloway and others in section 15-3-6, just south of Ada, are drilling at 600 feet.

The Empire Gas and Fuel Company is drilling around 210 feet in section 4-2-7, near Frisco.

The Wrightman well in section 24-4-4 is shut down awaiting the arrival of fuel. The depth is 1150 feet. One sand of 28 feet in depth was encountered, carrying considerable oil.

Lloyd in section 6-3-7 is cleaning out to resume drilling at 1872 feet.

Howarth in section 19-5-7, is shut down for a short time at about 2200 feet.

The tools have been shipped for the Howarth well in section 14-4-7.

The Dixie well in section 23-3-4 is drilling at 800 feet, only 60 feet off the pay sand. This is the west offset to the Gilbert-Clarke-Dixie discovery well.

The rig is going up for a test in section 13-2-3 just across the Pontotoc county line. The property is owned by the Goldelline, which is under the supervision of George Bradford.

This new well, in shallow territory and may open a new field. It is only a short distance from the shallow wells found west of Roff. The hole will be drilled to the Arbuckle lime if the depth is necessary.

Wyoming farm people of all ages attended evening agricultural classes last winter. Short intensive courses were given in dairying and poultry raising in which vocational agricultural departments of the local high schools co-operated.

Carl Solomon was in from his farm near Vanoss Saturday. The Solomon family holds the record for premiums won for exhibits at the township, county and state fairs, their activities covering an extensive field.

MINISTERIAL ALLIANCE TO HOLD BOYS SCHOOL

The Ministerial Alliance of Ada at a recent session decided on a new departure, a week day Bible school for boys between the ages of 10 to 14. All between these ages are invited to attend. It will be held at the high school building from July 14 to 25. The sessions will convene each morning at 8 o'clock and end at 9.

The ministers of the city will be in charge of the school and each boy may choose his teacher. A feature of the day will be a union chapel meeting which will be devoted to singing and a prayer. After the adjournment of the chapel exercises the boys will retire to their respective rooms to meet with their teachers.

The plan of the ministers is to help spread a knowledge of the Bible, something in which the average person is deficient.

NEW PRINCIPAL FOR WASHINGTON SCHOOL

Among the new teachers in the city schools for the coming year will be James O. Segar. He will hold the principalship of Washington school in the southwest part of the city.

Prof. Segar for the past five years has been the superintendent of the Seminole school and comes to Ada highly recommended.

Organized and conducted on the platform plan, a demonstration school will be conducted at the West Virginia university summer school, June 17 to August 15, for the benefit of junior and senior high school teachers.

Those enjoying the evening at bridge were Misses Nena Mae Bentley, Jeroldean Lee, Velma Jordan, Donnie Hughes, Nina and Ruth Collins. Messrs. Heine Heard, Jim Whitman, Robert Wimbush, Jr., Travis Kerr and Billie Kerr. High score was made by Miss Ruby Collins.

Naylor to Preach at Oak Ave. Church Revival This Month

Rev. G. R. Naylor, a pioneer Baptist preacher of Oklahoma, will start a revival meeting at the Oak Avenue Baptist church Sunday to continue until July 20.

Morning services through the meeting will be held at 10 a.m., while the evening services will start at 8 p.m.

Reverend Naylor has been preaching in Oklahoma for the past 3 years and is now employed by the Southern Baptist convention, and State Baptist convention as director of stewardship and finance for the eastern district. The members of the Oak Avenue church consider themselves fortunate in having Reverend Naylor with them.

Prof. W. E. Cook of Greenville, Texas, a graduate of the Baptist Theological Seminary at Fort Worth will have charge of the song service during the revival. Cook is considered a great revival singer and soloist.

A new calculating machine has been designed, which, besides multiplication, addition and subtraction, does algebra and foreign exchanges. It is electrically operated.

BIBLE THOUGHT FOR TODAY

CAST AWAY from you all your transgressions, whereby ye have transgressed: and make you a new heart and a new spirit: for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourself and live ye.—Ezekiel 18:31, 32.

Even those who read but little must have noticed the radical difference between the Democratic national convention at New York and the Republican national convention at Cleveland. The Cleveland convention was planned by the party bosses before the convention convened. The platform was drafted and sent to the convention for ratification. The candidate for President had already been agreed upon. The Republican convention furnished a splendid outing for the delegates but it did not offer the delegates any chance to express themselves. The Democratic convention was in the hands of the delegates from the moment the chairman rapped for order. Nothing was pre-arranged. It was a case of the majority ruling. The platform was the result of many hours of hard work upon the part of the fifty-four members and each member had his say and when this committee had reported to the convention, any delegate in the house was privileged to discuss any provision.—Okmulgee Democrat.

The people should investigate certain saviors of the county before placing too much confidence in them. Men are not likely to be any better in public capacity than they have been in their private dealings. The world has never been without its hypocrites and impostors. Anybody can find fault and offer impossible remedies. We would do better to listen to the tried, trusted, upright, honest, successful men and women than to listen to and be guided by those who make a practice of going from county to county or state to state to stir up the people and to filch their earnings from them.—Tishomingo Capital Democrat.

LaFollette is now the full fledged candidate of the third party and his entry in such a role will greatly complicate matters in the coming election. He is certain to carry Wisconsin, Minnesota and North Dakota and may capture two or three other western states. However, the chief bearing his candidacy will have will be in splitting the votes in close states. His vote will come from the two old parties and the question will be which he will draw the most from. This will turn a number of states one way or the other and make the result very doubtful in most of the western states as well as a few in the east that are generally close.

And still the national convention holds on, that is it was late Saturday afternoon, and there is apparently no chance for an immediate decision. The contenders are proving stubborn and the delegates appear to be unable to center on a dark horse, hence no one can forecast the end of the weary struggle. Looks like it is a matter of endurance and long pockets, for many of the delegates are poor men and the sojourn in New York is expensive. In desperation they may make a sudden break somewhere along the line and end the scrap, otherwise, it may last until election time.

The large number of Ada people at the city lake Friday indicates that that spot has lost none of its popularity as a pleasure resort. It is within reach of everybody and many like to try their hands fishing, even though it costs a small fee for the privilege. Then boat riding is popular and others enjoy picnic lunches among the trees below the dam. Recently Mayor Jones had a lot of underbrush cleared by men who were working out fines and this has added considerably to the appearance of the property. It is to be hoped that this spot will always be kept up in good shape so that the people may find it an agreeable place for recreation.

The Sulphur Times states that city will make a fight at the mid-winter meeting of the Oklahoma Press association to regain the meeting of 1925 which was lost to Bristow at a short session held at Medicine Park in May. Sulphur was to have had the meeting this year but the regular meeting was called off on account of the meeting of the National association in the state about the same time. It appears to us that Sulphur has not had a square deal in the matter and that it should be reconsidered and the action at Medicine Park rescinded.

Judge Estes of the police court of Oklahoma City has made a new ruling that may cause embarrassment in high circles at times. It is to the effect that when arrested, offenders must give their real names instead of "John Doe" or such appellation, in order to conceal from the world the fact that they have been caught in questionable company or situations. It may make some of the "higher ups" look a little out.

The most severe critic of the Democratic party cannot say that the convention is a cut and dried affair and controlled by the bosses.

THE DAWN OF A NEW ERA.

The three or four centuries before the Christian era were a period of turmoil. On every hand it was a battle for world supremacy. Egypt was the first civilized nation of consequence and at times ambitious monarchs invaded parts of Asia, but never succeeded in planting the Egyptian power firmly in the conquered territories and eventually such attempts were abandoned. Then came the rise of the Assyrian empire with the great city of Nineveh as its capital. Culture flourished here and today archaeologists are finding vast treasures of early literature in the thousands of burnt clay tablets inscribed with uniform characters. Following Assyria came the brilliant rise of Babylon but its day of power was a short one. Persia next appeared on the scene and a large part of Asia and Egypt came under the scepter of Cyrus and his successors. Next came the conquest of Persia by Alexander the Great. Following this was the Roman conquest shortly before the birth of Christ.

In the midst of these struggles for empire the Israelitish nation was swept hither and thither. After the partial restoration under Ezra and Nehemiah the people devoted much thought to the subject of religion and it was during this period that a number of prophets flourished and reiterated the promise made to Eve that a Redeemer was to come and restore the glories of Israel. Although Isaiah and others made it plain that it was to be a spiritual kingdom that was to be set up, the people could not conceive of such a kingdom apart from worldly dominions. They looked forward to the coming of the Messiah, but as they conceived it, his mission was to restore both the spiritual and temporal power of the nation. They longed to be freed from the domination of their masters and firmly believed that the Son of David would be at once the high priest and deliverer from the power of the hated Gentiles.

After the lapse of centuries the hand of God can be seen in the great events of those centuries in preparation for the coming of His Son. The Greek conquest made the language of that country universal so that communication among nations was easy while the Romans brought about a state of order undreamed of before. They also built many roads and having driven the pirates from the sea, travel became safe throughout the known world. These two facts had great bearing on the work of the apostles when they set out to obey the mandate to teach all nations.

The Roman power had been consolidated in the hands of Augustus after the defeat of Antony and Cleopatra, and at length the world was at peace for the time being and the temple of Janus in Rome, which was kept open when the nation was at war, was closed. This happened only two or three times during the entire history of Rome.

This was a fitting time for the birth of the promised Redeemer but the world did not realize that a tremendous event was taking place when the child was born and laid in a lowly manger at Bethlehem. The Jews were familiar with the prophecy that the Messiah was to be born in Bethlehem, but so far as we are aware, no warning had been given them that the event was at hand. Even if a prophet had proclaimed on the street corners that the long expected deliverer had been born they would not have sought him in the humble surroundings described in today's Sunday school lesson. This did not meet their idea of how such a great leader should enter the world.

Today's lesson indicates that the shepherds tending their flocks in the vicinity of Bethlehem were the first to receive an announcement. It came from a heavenly host who appeared suddenly as these men guarded their sheep through the long hours of the night. It was indeed fitting that they should be the first to hear the glad tidings, for David, the ancestor of the child, was a shepherd and it pointed to the future career of Christ who was described as the good shepherd. This was the most common figure of speech applied to himself from that day until now. Furthermore, the lonely lives of the shepherds influenced their thought. As they guarded their flocks they had much time for meditation and it is more than probable that the particular shepherds had thought deeply and were prepared to receive the "tidings of great joy." At all events, they were made supremely happy and hastened to see and worship the child regardless of his humble surroundings. Later it was to the humble fishermen of Gallilee that Jesus turned when he began his ministry rather to those who considered themselves the leaders of the people.

We are told that the shepherds returned to their flocks and it is probable that most of them had passed away before Christ began his ministry thirty years later, but they went through life buoyed up by the knowledge that the Redeemer lived and his kingdom was about to be founded. They had accepted him and became the first of the believers in his divine mission.

The whole story is a striking proof that "God moves in a mysterious way His wonders to perform."

The Oklahoma News says that there is a move in the Oklahoma delegation to the national convention to present the name of Mrs. Frank B. Lucas of Ponca City for the vice-presidential nomination. While it is not possible for her to be nominated, it would be a nice compliment to one of the pioneer Democratic women of the state. It would also mark a new era in political history of the country, being the first time a woman was thus honored. Mrs. Lucas is one of the delegates at large from this state.

Evidently Tom Anglin has a few friends left in Hughes county. A man who is opposing him in the race for another term in the state senate issued statements attacking Anglin in strong language. A reply is made by citizens of the county and nearly six columns of a Holdenville paper are required to contain the names signed to the statement by friends of Anglin.

And now it is said that the fashion of bobbed hair, while proving a rich harvest for the barbers, is driving manufacturers of hair nets into bankruptcy. Thus the world wags.

Let a NEWS WANT AD get it for you.

A Three Day Sale of Wear Plus Hosiery

Monday, Tuesday Wednesday

This is not a sale of just ordinary silk hosiery; but a sale of that popular brand known from coast to coast for its supremacy. WEAR-PLUS Hosiery has true shape and genuine wearing durability, such as is seldom found but always desired.

OF ADA

ADA INDEPENDENTS BEAT CAPITAL NINE

Delayed Game Copped by Ada
in Tenth inning
Rally.

Playing to empty stands, Ada and Oklahoma City battled for ten innings before the locals could send over the winning run to break the deadlock on eight score. The game had previously been called off when the Oklahoma City club failed to appear at the park.

Rushed back into uniform by the belated arrival of the Oklahoma City Club, Ada Independents settled down after the first inning of the game and called it their own in the tenth when Ben Rutledge singled, scoring L. Warner, who had walked, and ending the game a score of 9 to 3. A large aggregation of fans assembled at the park early in the afternoon to witness the Fourth shooting at umpires and the like but they grew restless after 4 o'clock when the Oklahoma City nine failed to arrive. The gate receipts were redistributed to patrons and the game called off. Just as the players were returning to town, the Oklahoma City team arrived and the game was again pronounced but to a few interested fans.

Oklahoma City took an early lead by staging two runs in the second and six in the fourth innings their only scores of the game. The comeback of the Ada club started in the fourth inning when they made four runs. Four other runs were made in the sixth, seventh and eighth innings and the final tally was obtained in the tenth.

Kelley performed on the mound for the entire ten innings for Oklahoma City while Formby relieved Davis for Ada.

L. Warner and Lee divided the hitting honors for Ada with three hits each. Rutledge also mailed out a three-sacker and a single.

The lineup:

IRELAND WOULD REGAIN ITS EXPORT EGG TRADE

DUBLIN. —Patrick Hogan, the Free State minister for lands and agriculture, has introduced into the Dail a bill to regulate the export of eggs. Eggs are one of the most important of Irish exports, and the industry has recently shown signs of deterioration. In 1921 Ireland exported \$50,000,000 worth of eggs, poultry, and feathers, the value of the export being second to that of cattle.

For the year ended March 30, 1924, the Free State export of eggs was only about \$17,000,000. Part of the diminution is attributed to a fall in prices and the expansion of opportunity for continental competitors since the war. Before the war the Irish export was more than 50 percent greater than the Danish. Now it is less.

Under Mr. Hogan's bill all eggs for export must be collected in premises registered by the ministry of agriculture, tested and graded under official supervision and packed in standard boxes. It is hoped by abolishing defective packing and grading to double the Irish egg export.

LEARNED MEN BECAME WILD WHEN STARVED FOR OXYGEN

(By the Associated Press)
LONDON.—Oxygen starvation produces some extraordinary effects on men ascending high mountains. Professor Barcroft at the Royal Institution recently told his hearers that during one of his ascents, after a height of 10,000 feet had been reached, he noticed one of the party behaving wildly.

At another altitude a highly respectable don indulged in lurid language and there was the case on record of a man suffering from oxygen starvation who had written down his sensations, and as the starvation became acute started getting his spelling fuddled.

It was characteristic of this starvation that, though the victim would know what to do, as for instance that by moving 20 yards he would get out of danger, he would not do so unless definitely instructed by someone else.

British Historians Coming.

(By the Associated Press)
LONDON.—The Senate of the University of London has appointed three representatives to the Anglo-American conference of professors of history to be held in December at Richmond, Va. They are Professors A. P. Pollard, R. W. Seton-Watson and Hubert Hall.

The Intermediate Endeavor will meet at 7 p. m. Mr. L. T. Walters, superintendent.

The Senior Endeavor will meet at 7 p. m. Miss Edith Moore, acting president.

Visitors are welcome to all of our services. Come worship with us and we will give you a great welcome and make you feel at home.

H. W. WALLACE, Minister.

Presbyterian Church
"Three Ways to be Lost and Found" will be the theme of the morning service by the pastor.

Pipe organ recital given by Mrs. Glasgow for 30 minutes of the evening hour.

The pastor will preach a short service on "Keeping Yourself in the Love of God."

Special invitation to College students to all our services including the Bible school at 9:45 a. m.

Yours to Serve.
E. O. WHITWELL, pastor

Methodist Missionary Society
(To Meet Monday.)
The Woman's Missionary Society

LASEMAN'S STATEMENT

Ada, Oklahoma, July 2nd, 1924.
To the Voters of Commissioner's District No. 2:

I am a candidate for re-election to the office of County Commissioner for District No. 2, subject to the Democratic Primary to be held August 5th, 1924. I have just completed one year of my first term in the office. It will, therefore, be of interest to the voters to know what I have accomplished during that time and the circumstances under which the work was done.

When I took charge of the office, I did so with practically no tools, road machinery or equipment. The estimate for the fiscal year was not completed until about September 1st, 1923, which in a measure, prevented any effective work until that date. About 125 bridges and culverts were out.

I have built, rebuilt and repaired about 200 bridges and culverts during my first year in the office. I have graded about 25 miles of roads that had never been graded before. I now have a fairly complete set of tools and road machinery with which to carry on the work in this district. I have accomplished these results without exceeding the estimate provided for these purposes by the Excise Board of Pottawatomie county. No funding bonds have been issued during my term of office. I have tried to manage the affairs of District No. 2 as much as possible, by letting the local people select their own overseers and giving preference to local people by letting them do the work of the District as much as possible.

If re-elected, I shall continue to carry out the same policies. I shall at all times stay within the estimate. No funding bonds will be issued during my term of office if I can prevent it.

I am basing my right to re-election solely upon my own merits and upon my own record. I shall be pleased to have the voters come to the office of the county clerk and check my record at any and all times. I am not the candidate of any group, clique or faction, and have not the endorsement of any such group or faction. Neither do I want such endorsement. I want the endorsement of all the people and am doing my level best to avoid lining up one group of persons against another group. In that way, my hands will not be tied but I will be free to serve all the people without fear or favor.

On account of the limited time before the primary, I shall not have the opportunity to see all the voters. For that reason, I am taking this means of acquainting the voters with my record in the past and my plans for the future.

Thanking the voters for past favors, and trusting that I may, in their judgment, merit re-election, I am

Very respectfully,
C. J. (CHAS.) LASEMAN,
(Political Advertising)

Prohibition in Saskatchewan
To Be Decided by Plebiscite

REGINA, Sask., June 27.—The case of students of prohibition throughout the world are turning on Saskatchewan to see whether this province will follow Quebec, Alberta, Manitoba and British Columbia in turning to government sale as the best method of dealing with liquor. The question will be before the voters in a provincial plebiscite July 16.

The prohibition of Saskatchewan has been dry since 1916. A plebiscite in 1920 continued the dry regime by a vote of 86,949 to 55,259. Last year a petition for sale of liquor under provincial control was denied by the Saskatchewan government. When the province was made dry and when it was kept so, women voted, as they will in July.

Quebec has never been dry, but adopted government sale to meet criticisms of the liquor traffic. Alberta, Manitoba and British Columbia adopted government dispensaries after trying "bone-dry" prohibition.

Stonewall

(Special News Correspondent)

Mr. and Mrs. Joe Mayer of the Conway vicinity were the guests of Mr. and Mrs. C. C. Walker Monday and Tuesday.

Mr. and Mrs. Snipes of Ada spent Sunday in Stonewall, the guests of Mr. and Mrs. R. H. Austell.

Roy Broughton was a Coalgate visitor Monday.

Mrs. R. A. Strickland and daughter, Juanita of Ada spent Sunday in Stonewall.

Mrs. G. W. Garrett and daughters, Misses Helen and Ruth, and Mrs. Tom Henson were Ada visitors Tuesday.

Mr. and Mrs. C. A. Acker were Ada visitors Tuesday.

R. H. Austell made a business trip to Ada Wednesday. His daughter, Miss Pauline, who is attending the Teachers College there, returned home with him for the week-end.

Miss Margaret Burnett returned Wednesday from Ada where she has been the guest of Miss Juanita Strickland of that place.

G. W. Garrett and daughters, Misses Helen and Ruth spent last week in Sulphur.

Edwin Garrett made a trip to Sulphur Sunday.

Mr. and Mrs. Tom Henson and children, Estelle and Josie May, attended the Fifth Sunday meeting at the First Baptist church of Ada last Sunday. They report a wonderful sermon, good singing and lots of Baptists from various places and declare the entire program a great success.

The many friends of Mr. and Mrs. Tom Jeter will be glad to know that their baby girl, Juanita, has entirely recovered from her serious illness and is now able to exchange smiles with her little playmates.

Mr. and Mrs. John Garrison of the East Central College of Ada, were Stonewall visitors last Sunday, the guests of Mr. and Mrs. Tom Henson.

T. C. Walker spent the Fourth with his sister, Miss Ruby, who is in Ada attending the Teachers College.

Mr. and Mrs. Dea Lance of Wetumka, who have been visiting J.M. Byrd and family for some time, left Wednesday for a short stay with Mr. Lance's mother.

Mr. and Mrs. Chas. Byrd of Ada spent Thursday in Stonewall.

Mr. and Mrs. Lee Halcombe and children of Ada spent the Fourth in Stonewall, the guests of Mr. and Mrs. Tom Henson.

Mr. and Mrs. Geo. McKay, Mr. and Mrs. Jas. King, Mr. and Mrs. Murphy and their families spent the Fourth at Connersville on a picnic.

G. C. Walker and Tom Alman left Saturday for the harvest fields in Kansas.

Mrs. G. C. Walker and son, T. C., spent the week-end in Ada the guests of Mrs. R. A. Strickland.

Mrs. Wm. Henegar and daughter, Miss Lillian, spent the Fourth in Ada.

Mrs. Frank Tate attended the picnic in Ada the Fourth.

The University of Pennsylvania recently received eighty-five tons of relics from Egypt and Palestine. The shipment includes doorways and columns from the Pharaoh menotaph at Memphis, mosaic floors and various monuments.

Farmers' Column
—By—
Byron Norrell

Mrs. Norrell is quite proud of a bunch of English Leghorn chickens she has raised this spring and summer. They were bought from a well known hatchery in February and have developed into splendid specimens of fowls.

Agent Hill says he has heard very little talk of boll weevils this season. Occasionally a farmer will report seeing one or two, but this is rare.

Agent Hill has figured out that it will cost only \$2.50 to poison 10 acres of ground if the grass hoppers become numerous. His idea is to poison a strip along the side of the hoppers are coming from and they will not live to get very far towards the center. He advises the following formula: 50 pounds of bran, 2 pounds Paris green or crude arsenic, 5 lemons chopped fine, 7 gallons of water, half gallon of syrup. Thoroughly mix the arsenic and bran dry. Then mix the water, syrup and lemons thoroughly. Pour over the bran and arsenic and stir until well mixed. Broadcast it along the sides from which the hoppers are coming.

J. O. Abney figures that 20 ears of Irish potatoes have been shipped from the county and that 5 more will be shipped later. This price has run all the way from 60 cents to 90 cents per bushel and is at present 75 cents, which is about the average. The returns foot up around \$7000. Another important item is that the local demand is supplied for the time being and a great saving will be made by not having to ship potatoes in. It is some joke, but a costly one, to ship potatoes from Idaho to Ada when this county can produce all and more than it needs.

I have heard three or four farmers

Why? can a ballplayer pitch a curve?

ROFF
MISS GENEVA J. HEATHMAN, Reporter

A number of Ada people from the E. C. S. T. C. came down and put on a program at the Methodist church. Those who came were Mr. Miller, Mr. Morris, male quartet and Miss Bonnie Callis. The program was enjoyed by everyone present.

Billy Lambert was down from Ada last week.

A number of Roff people were in Ada Sunday for Fifth Sunday meeting of the Baptist denomination.

Miss Pauline Givens spent last week with her aunt and uncle, Mr. and Mrs. Givens of Ada.

Mrs. Robert S. Jones left last week for Savor, Texas, where she will visit her parents.

Mrs. Ed Johnson and daughter, Lenora, and son, Douglas, left this week for Milburn, Okla., where they will visit friends and relatives.

Mrs. Louise Collins of Ada is visiting relatives this week.

Mrs. Charlie Thacker and family have returned home, after a visit with relatives in Chickasha, Okla.

Miss Louise Rathiff is visiting relatives here this week. She will leave next week, accompanied by her aunt, Mrs. Rathiff, for points in Texas.

James Rogers who has been in Bristol for some time, returned Thursday night for a few weeks visit with friends and relatives.

The Methodist Epworth League went to Sulphur Wednesday of last week. A fine time was reported by all who went.

A contest is now being put on at the Baptist church. The S. S. is divided into two parts. Red and Blue, when a new person is asked they are presented a red or blue button, which they must wear. The sides are counted each Sunday.

Mr. and Mrs. R. C. McKee and family were Ada visitors last week.

By Harry Miller

Troop No. 2 with about 12 scouts will leave for the Datapa near Moka Tuesday morning. Scoutmaster Judson Traddell and the scout executive will accompany the boys.

Vanoss scouts under their scoutmaster, Mr. O. C. White, are expected to leave for Turner Falls about Tuesday of this week. About 17 boys will go on this trip. The patrol of these scouts won a first camping trip for passing the best written examination on the life of Christ. They are planning on taking their trip this week.

Roff scouts, under Rev Darrow, scoutmaster, went on a trip last week. The Boy Scout Council has done many things this month. There has been no let up in scouting activities during the school vacation which is as it should be. 194 scouts have been taken on short camping trips during the month. Three programs of extra fine music furnished by the Male Quartet of the College and by Misses Bonnie Callis and Mary Belle Harvey have been given at Roff, Vanoss and Allen. Large audiences have attended these meetings and scouting has been given a boost. During this month we have also had wonderful successful patrol leaders and scoutmaster meetings. Scouts and scoutmasters from Allen, Colbert and Vanoss have attended these meetings.

The ministers of Ada at a meeting of the Ministerial Alliance have decided to hold a Bible school for all the boys of the city. The ages of boys will be 10 years and up. The sessions will begin at 8 o'clock Monday morning July 14th and run to the 25th. Every parent of every boy scout and every other boy ought to give their whole-hearted endorsement of this fine undertaking and Ada should do its best to have the largest Boys Bible school in the southwest. The sessions will be held at the High school building.

Troop 4 scouts went with scoutmaster Roy Meek to Boggy Saturday night on a fishing trip. A fine time was had.

A. R. (BUD) HACKER
ANNOUNCES FOR CONSTABLE

A. R. (Bud) Hacker is announcing his candidacy for Constable for the city of Ada, subject to the action of the Democratic primary, August 5. He has served on the police force in Ada, was a deputy special with the Texas Rangers for a time, and is well fitted for the work.

He is making the race on a record of enforcing the law without favor, and being on the job at all times. While he is well known and most of the voters are familiar with his qualifications, he asks that others inquire as to his ability and willingness to serve efficiently and vote for the good of the community.

Utah School Children Fed
Anti-Goutte Tablets Weekly

SALT LAKE CITY—Chocolate tablets containing ten milligrams of iodine each are to be given Utah school children every week as a means of counteracting goitre, according to announcement by state health officials. A recent survey showed approximately 41 percent of the school boys and girls to be afflicted.

A deficiency of iodine in the drinking water consumed by the children is the reason for the great number of goitre cases, according to Dr. J. Wallace, state epidemiologist.

Fore!
(By AGOLPH BUGG)

Th' typer uv these lines has been goin' thru th' motion uv playin' th' game uv golf for 2 and a half summers and 2 winters. Almost ever time Noah has took long enough rest for th' course t' get dry he has been among th' fast ball hunters an' has come home with a new alibi t' spill t' th' madam fer th' rotten score he done that day. Uv course, in bush league golf circles, such as is ours, we ain't had no goffin' advantages an' opportunities like all th' reasons for callin' golf a rich man's game that belongs t' th' big clubs in th' cities.

When a son uv the above mentioned reasons gets t' the age where his Pa things his waistline will support knickers he takes him out t' th' club an' turns him over t' th' pro an' says, "If you don't teach him t' play a better game than you did me, I'll have th' immigration authorities send you back t' Scotland." Uv course, facin' deportation an' for th' measly sum uv \$5 per half hour, th' pro manages t' git th' offsprings t' shootin' a fair stick by th' time his sister has her comin' out party.

But as wuz stated above, us bush golfers has neither got a Pa with influence at the Oiled Capitol or with a income tax expert on th' payroll, so we has t' be content with perlin' our golf instructions by correspondence or out uv th' sport page uv a newspaper. But now an' then, some bush prodder gets t' feelin' his goffin' oats an' decides t' pay a visit t' a pro's school in some neighborin' city. He calls up an' gets a date just like his wife does now with her barber so as t' be able t' get his lesson in th' same month with th' notion. Th' day an' th' hour finally arrives an' he goes over an' enrolls.

Th' pro don't have t' be told that he is from th' egg country. It sticks all over him like a republican button in Georgia. His game shows up just like he does. If it was not for th' cash consideration th' pro would think he was a insult t' th' game, but bein' a doctor uv goffin' hills, he does what he is paid for. He begins by tellin' th' low score holder uv th' two-train town that as a golfer he had ought t' continued t' raise cotton. He changes his stance, he makes him swing different. He ain't got th' right grip on either th' woods or th' irons. He don't use th' right kind uv ball now chew th' right brand uv tobacco. Th' address uv th' ball is all wrong; th' wrangle ain't timed right; his Ford's mission; he takes too much turf; he don't take a nuff turf; he puts like a motor boat; he moves his head, he misses, he pulls, he slices, he dubs an' commits a few other minor unardonable golfin' sins.

Back in th' two-train town, a bank clerk, city arrested for embezzlement fer bein' seen with as much money as that pro takes off uv th' board box for a house so called lesson. Day he figures he has got his money's worth out uv it fer th' pro gave him a remedy fer ever thing that was the matter with his game. He can't hardly wait till he gets back home t' show th' boys th' coupon he has clipped an' he has already planned t' challenge that pro t' a round th' next time he goes t' th' city fer \$5 a hole so as t' get back what his lessons cost him. He makes bees lines from th' depot t' th' course an' sits his clubs. His head is as full uv golf as his bag is of clubs. He stops up on th' tee with th' same kind uv feelin' Chamberlain had when Isabella said "Go find them Polo Grounds."

But alas an' alack, all us his idea wuz busted when he hit th' first flick. He done everything like th' pro said do it but th' ball took th' same rounthouse-out like he used t' throw when he was on th' 8th grade team. Th' last reports he was on th' trail of that pro with a sawed off putter an' th' sheriff already notified.

EIGHTY-TWO SECURE INSURANCE BONUS BLANKS

Ex-service men were showing little hesitancy in securing claim blanks for their bonus insurance at the hands of the government as compensation for their serving in the World War.

Up to Saturday noon, \$2 veterans had secured blanks from Charlie Denver, legion registrar, at his office in the city hall.

Large Crowd Hears Tom D. McKeown at Holdenville

Mon Tom D. McKeown of Ada one of the principal speakers at the big celebration this morning. The Judge is a candidate for re-election and was in fine fettle to meet the large and enthusiastic crowd which jammed the Liberal Arts Building to hear the various candidates. He stated tht he had just returned from Washington, arriving in Ada Tuesday morning and that he appreciated the invitation tendered him to come to Holdenville and make the opening speech of his campaign.

Judge McKeown stated that he was not the candidate of any faction, clique or set of men and that he is not running as a candidate of the Klan or Anti-Klan, but that he is running solely as a candidate who believes in the constitution of the United States and all its provisions guaranteeing the right of worship according to the dictates of a man's heart, the right of free speech, free press, the right of free assembly and the right of trial by jury.

In recounting his activities in Congress, Judge McKeown stated that he fought for the rights of labor and for the relief of the farmer at every opportunity and stated that agriculture cannot become successful and prosperous until the farmers get an equal opportunity and a square deal.

Continuing, Judge McKeown said: "I believe in representative for of government and the right of the majority to rule. I believe that the interest of my country should have first consideration over that of my political welfare; and that the citizens of the United States should be protected against undesirable immigration. —Holdenville Democrat

DIRECTOR WRITES OF THEME BEHIND FOX PICTURE

"Less than two decades ago Ison's 'A Doll's House', with its note of independence and freedom for women, resounded and reached around the world, and today A. S. M. Hutchinson, in 'This Freedom', has sounded another note," writes Denison Clift, the director who filmed the screen story, "a note of warning to women who misuse 'this freedom'. The novel has, perhaps, the greatest theme, and most tremendous message, of the moment. Every woman in the world, young and old, married and unmarried, will find in 'This Freedom' something vital, poignant and commanding."

"It is this message, the tremendous vital thing, which I have tried to express in the picture. Millions of women will disagree with it. But all these millions of women will want to see the picture. It's theme is as simple as old as the everlasting hills. It is that a

mother must raise her children at her knee—that she must give to her children of her own sweet heart and soul. Rosalie, the heroine, was a devoted mother; she gave to her babies all that money could buy; yet she was a stranger to her children. Tragedy, stark and terrible, overtook the home. Rosalie was an unparalleled business success. She might have been a wonderful mother in her heart she was—really. That was her tragedy."

Fay Compton and Clive Brook

have the leading roles in this epic of the screen which William Fox will present next Monday at the American theatre.

LEMON AND ROAST CHICKEN ON PRICE PARTY IN RUSSIA

BERLIN.—Roast chicken, eggs, black bread and cakes and other edibles produced locally are reasonably in price in Russia, but when it comes to fruit, toilet articles, or anything else which has been imported, they usually are nearly worthless.

Dr. Thomas recently completed an inspection trip of several weeks in Russian districts where the Quaker's organization is still assisting the inhabitants. At the railroad stations on different routes he noted that an entire roast chicken sold for approximately 75 cents, while a lemon, which had been imported, cost as much as the chicken.

24-Hour Clock System Tested. (By the Associated Press)

MUNICH, Germany.—Considerable pressure is being brought to bear upon the German railway administration to adopt the system of time by the hours of 1-24 instead of 1-12 a. m. and 1-12 p. m. Travelers returning from Switzerland, Italy and Austria point out how much easier the system in vogue in these countries is, where everybody knows that 17 o'clock is 5 p. m.

Several years ago an international congress for standardizing the railway time tables of continental Europe was held at Basel, in Switzerland. At this congress it was unanimously decided to introduce the 24-hour system as soon as possible. The German railway administration holds that the expense of installing the new system is too great for the German state.

Geneva Printers Set Up Gaelic. (By the Associated Press)

DUBLIN.—The Irish Free State, by virtue of its membership in the League of Nations, has become a member of the International Labor Office at Geneva. As documents are printed in the languages of all countries which are members, copies have now been issued printed in the Irish language.

GROUP ABROAD ON
MARITIME MATTERS

To Visit European Ports to Conduct Hearing of Conditions

(By the Associated Press)

NEW YORK, July 3.—Five members of the House committee investigating the Shipping Board, together with two Board commissioners and several officials of the Fleet corporation, sailed from here today on the United States liner George Washington for an extended visit to European ports where hearings will be held and American government shipping officials examined regarding the prospects for obtaining business for Board vessels and maritime conditions in general.

Representative Cooper, Republican, Wis., is the only member of the committee that will not make the trip. The main body of officials include Representatives White, Maine; Committee chairman and Lehigh, N. J.; Republicans, and Davis, Tenn.; Bankhead, Ala., and Connally, Texas, Democrats; Representative Lindeberger, Republican, Calif., sailed last month for a world wide shipping inspection tour and will join the other members of the committee on their arrival in Europe.

The committee is accompanied by Vice Chairman Plummer and Commissioner Hancy, of the Shipping Board; Vice President Keene, of the Fleet Corporation; E. B. McNary, passenger, traffic manager of the United States Lines; James Talbot, board attorney who is assisting the committee in the preparation of data, and J. Frederick Richardson, special committee investigator. The latter also carries credentials to various European governments authorizing him to make investigations for the House committee.

The committee has not held any sessions for two or three weeks, although it has been busy preparing for the investigation abroad. To speed up its work it expects to hold hearings aboard the George Washington en route, probably hearing Vice President Keene and Mr. McNary.

Frederick Richardson, special committee investigator. The latter also carries credentials to various European governments authorizing him to make investigations for the House committee.

Upon its return to this country the latter part of August or the first part of September a sub-committee will be appointed to continue hearings until such time as the committee feels it can make satisfactory and conclusive recommendations to Congress for a permanent merchant marine policy involving constructive suggestions for economy and ways to meet sharp foreign competition.

Most of the committee sessions will be held in London where a large staff is maintained to carry on the work of the Fleet corporation.

The Shipping Board spends between \$130,000,000 and \$140,000,000 a year, much of which is spent in Europe where 300 American flag ships touch. As a big portion of the domestic merchant marine business is in the line of the foreign opposition, members explain, they feel it not wise to see for themselves what customs govern the foreign end and determine what discriminations, if any, are practiced.

BUILDING PERMITS SHOW GAIN IN ARDMORE REPORT

ARDMORE.—The annual report of the city building commissioner shows new permits issued to the extent of \$236,150 during the fiscal year of 1924. The city and county have also done some construction work which is not included in this report.

There has been no unemployment among the workmen following the building trades and men in the labor unions have not suffered from the general slump which has spread over the country.

The total building permits for June amount to \$21,350 which is higher than the corresponding month in 1923 and is also higher than the preceding month of May.

WARRANT ORDERED FOR DOYLE'S ARREST

OKMULGEE.—Judge James Hepburn ordered this morning that a warrant should be issued for the arrest of Ben Doyle, former Western association umpire, because Doyle had failed to appear in court to answer to charges of contempt of court.

Doyle's bond, subject to his appearance to answer to the contempt charges, was also declared forfeited by the court.

Doyle was charged with contempt in connection with the alleged violation of a court order, restraining him from molesting his wife, Mary Doyle, pending their divorce suit, which has been in the local courts for more than two months.

FREEMAN AFFIXES
BOND SIGNATURE

Judge Authorizes Funding Bond Issue for Ardmore People

ARDMORE.—The question of issuing \$92,000 in funding bonds by the city, was settled in district court this morning, when Judge W. F. Freeman authorized the issue and affixed his signature to the bonds.

The bonds were authorized to cover a judgment rendered against the city in favor of the Ardmore Construction company some time ago, and affirmed by the supreme court.

The original judgment was for \$115,000 but by agreement it was reduced to \$87,000, which together with interest will amount to \$92,000, the amount of the issue.

The bonds bear 5 1/2 per cent interest, are in serials of 15, 20 and 25 years. They were sold at par and a premium of \$1,500.

This case has been an issue with the city administration for some time and all officials are elated that it has finally been disposed of.

City Manager W. G. Doak stated this morning he was not prepared to pass upon the justice of the judgment, but right or wrong, the judgment was rendered against the city and had to be paid. In this connection he said it was better to pay the debt by a bond issue drawn out over a period of years, than it would be to pay it in one, two and three years, which would have to be done under the law, were bonds not issued.

Harding Memorial Book. (By the Associated Press)

SEATTLE, Wash., July 2.—An elaborate volume of tribute to the memory of the late President Harding has been published by the Seattle Press Club. The volume contains a memorial of his last public appearance in Seattle, his last public utterance and his last handwriting. There is a message from his widow, Mrs. Florence Kling Harding. The book also contains a number of articles by contributors, including Governor Scott C. Bone of Alaska.

NO PENALTY FIXED
FOR TAX PAYERS

ARDMORE.—No penalty will be assessed against tax payers for at least two weeks, according to Fred S. Haynie, county treasurer. This morning when asked if the penalty would go into effect Tuesday.

Mr. Haynie stated that taxpayers were coming in and paying as fast as they can be waited upon by the office force, and until such time as they find a lull in business he will forego exacting the 18 percent penalty by not declaring the property delinquent.

Mr. Haynie states that his force is working extra hours to keep up with the demand made on their services, and does not feel that the taxpayers should be made to suffer a penalty because he could not be waited upon when he came to pay his taxes.

Life-Savers to Get Certificates. ARDMORE.—Ardmore's first accredited life saving class will be formed tonight when certificates are presented to Madison Dawson, Mr. and Mrs. F. I. Sorrels, Mrs. Katherine Ringer and Harry Gibbons.

Within the next few days another class composed of W. A. Grippen, Lewis Davidson and Kelly Baker will be given certificates.

These members have taken the course under leadership of O. A. Kitterman, and will be given credits by the American Red Cross.

WATCH STEERING GEAR CAREFULLY

Merely Necessary to Keep Joints Well Greased to Operate Properly.

By ERWIN GREER, President Greer College of Automotive Engineering (Chicago). According to automobile accidents headlined in the country's newspapers the steering gear of every automobile should be painted a horrible bloody red.

But are the newspapers right? Does the steering gear really go wrong and cause two-thirds of the motorcar accidents? If it doesn't why should it be made the goat so generally?

Yet here we are scaring our motoring friends into the belief that they can never tell when the steering gear will go wrong, giving the manufacturers a black eye, and shirking our own responsibilities. But between you and me the thing is getting to be a joke, because when we blame the steering gear as the cause of our accident, people are likely to glance at one another sideways and give a knowing wink. And they are the fellows who watch their steering gears and inspect them carefully. Then again they watch their driving more and do not turn the wheel wrong when the steering gear is doing its work properly. Hence it is easily seen why some of us are willing to blame the steering gear—in other words, to pass the buck.

Keep Joints Well Greased. To keep the steering gear operating properly, it is merely necessary to keep the joints well packed with grease, or graphite and grease mixed half and half. The housing which holds the reduction gears at the bottom of the steering column should be packed with grease at least three times a year. The ball joints at one end of the drag link must be kept greased because the lubricant leaks away from them rapidly, no cover being provided. These require frequent attention.

The ends of the tie rods are usually fitted with bolts and these, too, must be kept well greased. The steering knuckle pins also need regular attention. Always keep in mind that the various steering units are always in constant motion, that every vibration produces motion in the steering column. Thus the need for lubrication is very evident.

Cause of Hard Steering.

Does your car steer hard? Then here is the reason: The knuckle pins, or king pins, have become dry, resulting in a certain amount of binding. Hard steering is the result. Oil these every day, or every two weeks if graphite is used.

Don't adjust the steering system to compensate for wear unless you are positive of the location of the trouble. If wear occurs in the knuckle pins, it is useless to compensate for it by adjusting the steering gears. If the drag link is bent it naturally must be straightened, for this causes stiff steering. There is an adjustment nut to take up wear in the reduction gears, and this is right above the gear housing at the bottom of the steering post.

Your instruction book will illustrate exactly what parts are included in the steering gear of your particular car. Study it and proceed according to its advice.

How Stone Bruise Will Affect Automobile Tire

As a matter of fact, the term "stone bruise" is a mere figure of speech and should not be taken too literally. Tire people use the term perhaps too freely in referring to all those injuries that occur upon the surface of the casing and do the real damage to the inner part of the carcass. Rupture by shock would be a far better term and probably would be far better understood in all sections of the country. A "stone bruise," or rupture by shock can be caused by the tire hitting a stone or other obstruction in the road when traveling at a fair rate of speed. Or it may be caused by the casing coming in more or less violent contact with a garage door, a railroad track, a rut, or, in fact, any one of a thousand objects with which our roads are littered, either by the action of nature or by the intent or the carelessness of man. How often have you seen a man place a stone behind the rear wheel of a car stalled upon a hill until he could make his motor behave or until he could effect a temporary repair. However, when he started off he could not take the stone with him nor could he run back and kick it aside. The stone is left there to bump the tire of the following car—H. W. Clauson, in Los Angeles.

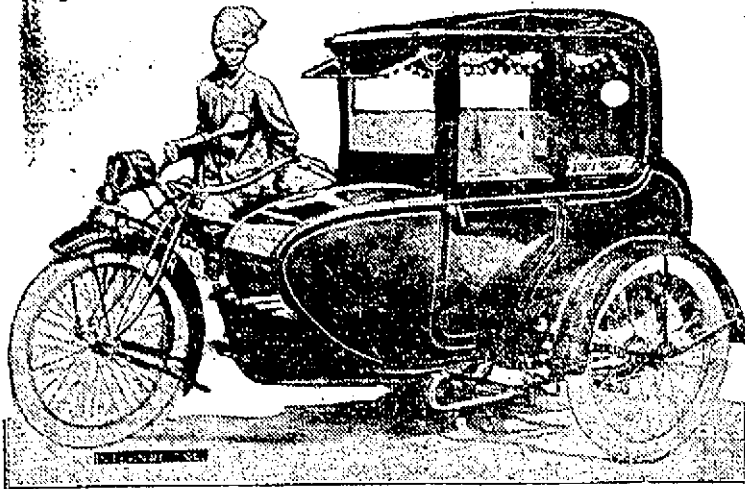

FAMOUS FRENCH AVIATOR INSTRUCTS JAPANESE ARMY

TOKIO.—Georges Barbot, French flying wizard, until recently holder of the world's endurance record for glider flying, has arrived in Japan to demonstrate for the army the most recent advances in aviation. He is to be attached to one of the army's largest airplane production centres to teach Japanese builders the latest principles of airplane construction.

Barbot brought with him two planes, one the tiny "avionette," carrying a 12-horsepower Samson engine, with which he flew across the English Channel recently. The other machine is a 300-horsepower Hispano Suiza, which may become a model for new Japanese fighting planes.

Muskogee.—Oklahoma General Power Company, subsidiary of Oklahoma Gas & Electric Company, opens 30,000 horsepower plant three miles east of town.

LATEST TAXI TRANSPORTATION IN INDIA

Above is shown the latest mode of transportation in India. It is a combination motorcycle taxi which has met with the popular approval of the natives of Calcutta. The enclosed sidecar is furnished with luxurious upholstery and seats two persons. The new style taxi has an impressive appearance, yet provides a cheap ride.

WALTER P. CHRYSLER'S TRAFFIC TALKS

PATROL HIGHWAYS

Patrolling streets and highways is a much better plan than establishing speed traps. Patrolling is better than having officers hide behind trees, signs and poles so as to dart out after the offending motorist. Often when a traffic officer goes after a single offender a dozen other cars will speed behind him.

In case you get into an accident—don't hurry away. To do so is a criminal offense in most states. Instead co-operate with the police, get information from witnesses if you think about it and make pencil sketches of what happened, too.

The man who drives away from an accident has little chance in court later, as scores have learned.

Modern Way of Carrying Live Stock to Market

Here's the way the modern English farmer carries live stock to market. This is a motorcycle with the customary sidecar removed and replaced with a crated pen.

TRUCK DRIVER'S LEG CUT OFF BY TRAIN

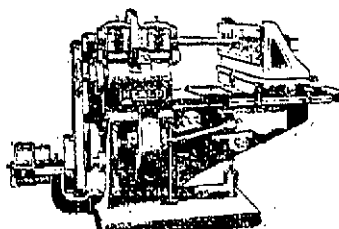

OKMULGEE.—Fred Jensen, truck driver for the Mounds garage at Mounds, 20 miles north of here, lost his right leg in a crossing accident this morning. He was taken to the Erling hospital at Sapulpa, where his condition was pronounced critical. His right arm was also bruised in the accident, according to reports.

Train No. 511, southbound, struck the truck which Jensen was driving at the first highway crossing of the Erling, just north of Kiefer. It is said, Jensen's arm was reported to be 40 years. The engineer's name was said to be McCall.

PLANE FALLS AT HUGO; PASSENGERS UNINJURED

HUGO, Okla.—An airplane carrying two passengers and the pilot crashed to the ground from a height of 350 feet near here Monday without serious injury to any of the occupants. The pilot, a commercial aviator of Fort Worth, suffered a slight leg injury. The passengers were only severely shaken up. They were Ray W. Gumm, jeweler, and L. H. Allen, optometrist, both of Hugo. A burned out bearing, stalled the motor of the plane, which was wrecked.

LONDON.—In the opinion of Lord Summer the safety razor and artificial silk are two of the most striking inventions of the present day. Speaking at a recent Science Guild dinner, Lord Summer said: "The safety razor has exposed the face of man and artificial silk has revealed the legs of women. Of the motor car, I doubt if any invention has done more to sow, to water, and to ripen a feeling of jealousy between classes."

SOFT TIRES ARE VERY EXPENSIVE

Proper Inflation Will Give More Miles and Decrease Gasoline Consumption.

By ERWIN GREER, President Greer College of Automotive Engineering (Chicago).

Tires form a very important part of an automobile, this point being brought to our realization when on a beautiful day for motoring we spend an hour or so struggling on a hot road rectifying the wrongs of a badly neglected or badly used tire, involving the loss of a perfectly good temper.

Don't drive your car with tires that are soft or not properly inflated or you will be well started on the road to the trouble with the following results to your tires, and your pocket-book: Sliding of the tires on the rim when the brakes are applied suddenly, causing the tube to tear around the valve stem.

Tread loosening from the fabric due to arc of bend in transverse direction to arc of circumference.

Tires puncture much easier when not properly inflated.

Tire heating which destroys the valuable chemical elements necessary to both rubber and fabric.

Cracking of the side walls and rim cutting and in some cases plucking of the tube.

When tires are not properly inflated they create a drag and the car is slow to pick up speed or if on the front wheels steering is made harder. The engine has to work much harder, gasoline consumption is greater and many other effects make themselves known.

Turns Out of Course.

Did you ever drive your car along a smooth road with one of the front tires soft? You noticed the car had a tendency to turn off its course in the direction of the side on which the soft tire was. The cause of that is this:

When a tire becomes soft it decreases the overall diameter of the wheel, that is, if the tire becomes soft enough to allow the axle to settle one-fourth inch on one side, you have in reality a wheel that is one-half inch smaller than the wheel on the opposite end of the axle, therefore the smaller wheel must travel faster or turn a greater number of revolutions to travel the same distance as the other, or leave its true course of direction. The other wheel with the tire properly inflated on the other end of the axle, being larger, travels a greater distance in the same number of revolutions, and if not joined to the car it would follow the smaller wheel off its

true course and gradually turn in a circle around the smaller wheel, using the latter for an axis around which to rotate. But both wheels being firmly fastened to the car, they are forced to travel in the true course of the car, thus the smaller wheel (or the one with the soft tire) is forced to travel the same distance as the larger one, thus causing more wear on both.

Keep Well Inflated. So keep your tires well inflated but not over-inflated as one is as bad as the other. Be sure to keep them inflated to the pressure that is specified on the side of the tire by the manufacturer, and you will get more mileage and decrease gasoline consumption and have a smooth running car with less trouble on the road.

Method for Polishing Dulled Metal Fittings

After the car is first brought out of its winter storage, the metal fittings are usually dull and tarnished. They may be restored by the following method: First apply a weak solution of oxalic acid and water to the tarnished surfaces by means of a cloth wrapped around a stick. Any acid accumulations are then loosened and may be cleanly removed by sample wiping. After this ordinary metal polish used for brass work should be applied with a linen cloth and the polishing carried out with soft woolen cloths. If the surfaces are slow to respond to the polishing, try a good carriage maker's polish made as follows: Twenty parts of whiting, one part of soda, one-quarter part of citric acid. This compound is moistened with water for using.

Under the direction of an American expert, China is building one of the world's largest mints, which will be able to coin fourteen tons of silver a day.

Duty of All Owners to Keep Bolts Tight

Every automobile owner should apply a wrench to every important nut and bolt on his car at least once a month. Nuts held by cotter pins may be ignored, but those held by loose washers should be tried with a wrench. A loose part may easily wreck a motor car and cause loss of life.

Many sermons are preached at the motorist on the subject of proper lubrication. There is one part of the car that should be kept properly lubricated regardless of what may happen. This is the steering column. This unit is most vital of all to the safety of the driver and the passengers. It is more than important—it is essential—that the steering gear be kept properly oiled all the time.

DRIVERS TO PILOT ENGINES BEARING THEIR OWN NAMES

NEW YORK, June 27.—Reviving a quaint custom of 50 years ago, the Long Island Railroad is designating its locomotives by name, instead of by number.

The return to the old-time system was decided upon as a worthy means of honoring veteran employees. The first locomotive to be rechristened, upon emerging from the shops with new paint carried the names "The Seaman Birchell" and "The Edward W. Hulse" in gilt letters along their cabs and tenders.

Engineman Birchell has piloted Long Island trains for 43 years. He was the first to drive "The Seaman Birchell" after the rechristening, and will continue as its pilot on a passenger train on the Wading River branch.

Engineman Hulse became a railroad man in 1887. He will pilot "The Edward W. Hulse" on the Speonk Express, a run he has held for 30 years.

The orange originally was a pear-shaped fruit about the size of a cherry. Its evolution is due to 1,200 years of cultivation.

CONSTANTLY IMPROVED BUT NO YEARLY MODELS

There are obvious benefits to the purchaser in Dodge Brothers policy of making constant, gradual improvements in their product instead of changing from one design to another year after year.

Chief among these is the fact that the car may be operated throughout the full limit of its usefulness without the extra depreciation loss which results from a rapid succession of radically different models.
